

Kosciusko Gifted Program

The Kosciusko School District's Gifted Program, addresses the unique talents of intellectually gifted students in 2nd - 6th grade.

The KSD Quest program's mission is to help students discover and develop their potential with appropriate educational experiences.

Quest creates a learning environment that fosters and encourages higher order thinking

skills, creativity, metacognition, healthy enriching relationships, appropriate expectations and understanding of self through life-long learning.

The Kosciusko Quest program believes that intellectually gifted students need a differentiated curriculum that takes into consideration their individual learning needs and abilities.

If you would like to find more information on giftedness you

can visit the following website:
<http://www.hoagiesgifted.org>

Students in the Quest Program meet goals through participation through:

- Providing challenging opportunities of exchanged learning among intellectual peers
- Developing lifelong learners who become productive, creative, and contributing members of society
- Increasing understanding of self and others to develop healthy, positive, and enriching relationships and a feeling of belonging in order to assist in reaching intellectual potential.

To find out more about the Quest Program, contact Jennie Cook, Gifted Coordinator, at 662-289-7193.
