March 21, 2020

Dear Parents/Guardians,

As we conclude the first week of school closures, I would like to take the time, on behalf of CAVIT District and all of our teachers, to thank you for your patience and support during this time. We are navigating uncharted waters of school closures and at-home learning due to COVID-19 and I understand the hardships that this may place on your families. Please be assured that our teachers and staff are here to help with both student and parent questions.

At this time, CAVIT has been directed to extend our school closure through April 10, 2020. We will provide instructional materials for students during this time. Spring break remains an instruction-free week that is scheduled for March 23-27. Teachers will be providing online instructional materials for students to complete during March 30-April 10. While we cannot fully replace the valuable instruction that takes place in the classroom, we hope to keep students engaged with assignments, online content, and videos. Information on assignments will be shared via email, Facebook, and website postings on March 27.

CAVIT is working diligently each day to remain prepared and informed of any changes in the local and state status. Our thoughts are with all of those affected by COVID-19. This certainly is an unusual time, but we will successfully navigate it, together as a CAVIT community.

Sincerely,

Mike Glover
Superintendent
