

St. Johns Unified School District Programs and Methods Middle School Reading Programs

Middle School Reading Programs

The Middle School uses a number of Reading programs and Apps both in the presentation of lessons and with student intervention.

Fix It! Grammar - Students hunt for and correct errors in daily passages that cumulatively tell a story. *Fix It!* encourages students to immediately apply new grammar knowledge in context, aiding in the transfer of grammar skills into their

own writing. <http://iew.com/fix>

Newsela is the best way for students to master nonfiction in any subject. Newsela combines real-time assessments with leveled content from premier daily news

sources and eminent nonfiction publishers. <https://itunes.apple.com/us/app/newsela-news-and-nonfiction-at-your-reading-level/id966371321?mt=8>

STAR Reading is an assessment of reading comprehension and

skills for independent readers through grade 12. <http://doc.renlearn.com/KMNet/R0054872491706A8.pdf>

MindPlay Virtual Reading Coach® (MVRC) is an effective online reading

program that improves reading skills quickly and efficiently. It enables students with diverse skills and instructional needs to read accurately and fluently.

Accelerated Reader 360™

AR 360 supports independent reading practice and the three key

instructional shifts being emphasized in the Common Core: more nonfiction reading, more reading of complex texts, and the ability to cite text evidence. Most importantly, it brings actionable insights across independent and instructional reading practice into educators' hands.

<http://help.renaissance.com/ar360/ar360overview>

The Accelerated Reader program is a computerized program

that tests reading comprehension. Students select books on their reading level, read independently, and take an independent comprehension test on the computer. Each book is worth a certain number of points based on its length and reading level. Students get a percentage of these points based on how many of the test questions they get right. The program tracks their progress over the course of the school year.
