In accordance with the federal Child Internet Protection Act (CIPA), the district uses filters to block access to Web content that is inappropriate. Unless the parent opts out, your child will be provided school Internet access and a student account accessible from school or home. Home Web content filtering and monitoring is the responsibility of the parent. Your child will have access to these services, unless you direct otherwise by checking the box below:

I **do not** want my child to have Internet and student account access.
