**Reporting Suspected
Crimes or Incidents**

Staff members are to report any suspected crime against a person or property that is a serious offense, involves a deadly weapon or dangerous instrument or that could pose a threat of death or serious injury and any conduct that poses a threat of death or serious physical injury to employees, students or others on school property. All such reports shall be documented and communicated to the Superintendent who shall be responsible for reporting to local law enforcement. Conduct that is considered to be bullying, harassment or intimidation shall be addressed according to Policy JICK as required in A.R.S. 15-341(A)(36).

The school district or charter school is to notify the parent or guardian of each student who is involved in a suspected crime or any conduct that is described above, subject to the requirements of federal law.

On or before January 1, 2020, the District shall post the policies and procedures pertaining to "Reporting Suspected Crimes or Incidents" on its website as the department of education shall develop a process to verify that each school district has adopted the required policies and procedures by this date.

If the District maintains an online Manual of policies and procedures, the District may post a link to that manual with a reference to the appropriate policies and procedures.

A person who violates the reporting requirements may be disciplined for violating the policies of the School District Governing Board pursuant to A.R.S. 15-341 and notwithstanding A.R.S. 15-

341, may be subject to dismissal. Each school district governing board shall prescribe and enforce policies and procedures that require the School District to maintain a record on any person who is disciplined pursuant to this policy and, on request, shall make that record available to any public school, school district governing board or charter school governing body that is considering hiring that person.

A person who is employed by the School District or is an applicant for employment with the School District, who is arrested for or charged with any nonappealable offense listed in section 41-1758.03, subsection B and who does not immediately report the arrest or charge to the person's supervisor or potential employer is guilty of unprofessional conduct and the person shall be immediately dismissed from employment with the School District or immediately excluded from potential employment with the School District. A person dismissed from employment for failure to report being arrested for or charged with a nonappealable offense has no right to appeal under the provisions of A.R.S. 15-539, subsection F. Prior to an action to terminate for failure to report, an employee will be given the opportunity to provide a written explanation of circumstances or events which they believe mitigate the failure to report.

Use of Physical Force by Supervisory Personnel

Any administrator, teacher, or other school employee entrusted with the care and supervision of a minor may use reasonable and appropriate physical force upon the minor to the extent reasonably necessary and appropriate to maintain order. Similar physical force will be appropriate in self-defense, in the defense of other students and school personnel, and to prevent or terminate the commission of theft or criminal damage to the property of the District or the property of persons lawfully on the premises of the District.

The threat or use of physical force is not justified as a response to verbal provocation alone, nor when the degree of physical force used is disproportionate to the circumstances or exceeds that necessary to avoid injury to oneself or to others or to preserve property at risk.
