FHUSD SCHOOLS PLP

The screenshot shows the login interface for the Fountain Hills Unified School District Personalized Learning Platform. At the top center is the district's logo, a blue shield with a white stylized 'F' and 'H' inside. Below the logo, the text reads 'Fountain Hills Unified School District' and 'Personalized Learning Platform'. There are two input fields: 'Username:' and 'Password:'. Below the password field is a 'Log In' button and a checkbox labeled 'Log in as Parent'.

Click here for website access.

This year we will be using SchoolsPLP as our learning platform. Everything your child needs will be on this platform.

Hello Physical Education Students!

I am so excited to be your leader this year as we embark on this new journey together. Although the schooling is starting out at a distance we can make this trek together in a positive way. I'm always up for an adventure as you can see above. I love the water and spend a lot of time on my paddleboard exploring the Arizona rivers and lakes as well as the Pacific Ocean! Being raised in California the water is my favorite. I have three talented and beautiful daughters that are creating their own life adventures. Mckenna (24). Kelsey (21) and Lauren (19) who all attended FHUSD and all graduated as well as were state champions in their sports that they participated in.(GO FALCONS!!) I also have a 1 year old dog named Havoc that also loves the water and adventuring with the family. My husband and I have been married for over 26 years and are looking forward to many more adventures together. As a Division 2 swimmer in my college days, I have been blessed with the talent of swimming and coaching. Three years ago I was able to start the first swim team for the FHUSD school district and now I coach the best team in the state. :)

I look forward to leading you on the journey of the 2020-21 school year. I want to inspire and help you all to learn to develop a lifelong journey of positive mental, social, emotional and physical health!

CLASS INFO

Learning Online	Digital Expectations	Learning Space
<p>We are about to embark on our online learning adventure. Our learning experiences will be different from the Spring of last school year because those were learning opportunities. We are now starting live teaching and learning that follows a full day of school schedule, but modified for home. Students will partake in both synchronous (live instruction) and asynchronous (independent time) learning time.</p>	<p>Students will be responsible for logging onto their computer at the start of each school day, and join our different learning blocks throughout the day for live instruction and independent practice. Your child will need to be digitally responsible, and listen to directions, so they can complete activities with my help and independently. They need to continue following the Falcon expectations of be respectful, be responsible, be kind and be safe.</p>	<p>It is important that your child has an at home learning space. If they are learning at home, set up a school space that is in a quiet area, includes their materials, and leaves them a space to have their computer/charger set up, and a desk space to write on. If they are learning at a Fountain Hills facility, they have organized their materials in a backpack when it is time to go to learn.</p>
