

## Inter-District Transfer Requests (Students from Other School Districts Transferring to TJUHSD)

Although students generally must attend school in the district where their residency has been established, the board of trustees recognizes justifiable reasons for occasional inter-district transfers. The superintendent or designee may approve inter-district attendance agreements with other districts on a case-by-case basis to meet individual student needs.

Students who reside outside the Tulare Joint Unified School District boundaries may apply for enrollment in our district. Decisions on the intra-district transfers will be made first in order to determine how much space is available, if any, at each of the sites for inter-district transfers. Applications for Inter-district Attendance Permit forms are available from the student's resident district and require approval from the resident district prior to submitting the request to our district office. Upon request, our district may accept students from another district and may also allow students who live within the district to attend out-of-district schools.
