School Description

Tulare Western, home of the Mustangs, is a place where staff, students, parents, and the community take pride in pursuing academic excellence in an environment that is safe, caring and welcoming. This pride in our identity is reflected in academics, extra and co-curricular activities, athletics and community involvement.

Located in the San Joaquin Valley, Tulare Joint Union High School District serves more than 5,000 ninth through twelfth grade students at three comprehensive high schools, three alternative schools, and a community day school.

The diverse population enables the school to embrace many different cultures and create an environment that welcomes all. Tulare Western High School is dedicated to ensuring the academic success of each student, and provides the most comprehensive educational experience possible. All programs at the school are founded on the principle that students come first.

Located in the northwestern section of Tulare, Tulare Western High School will serve over 2,000 ninth through twelfth grade students during the 2020-2021 school year. Tulare Western High School is known throughout the San Joaquin Valley for their excellence in Academics, Athletics, Arts, and Agriculture program. Mustang PRIDE flows throughout the campus and community of Tulare. Tulare Western staff, students and parents are ALL-In when it comes to academics, athletics, arts and agriculture. Tulare Western is a school that prepares students for college and career, and also has an amazing CTE program, AVID program, and numerous opportunities for students to be involved. Tulare Western High School has been recognized by US News & World Report as a silver medal school, one of the top High Schools in all of America. Tulare Western's school culture is one that students desire to be a part of. Tulare Western boasts the highest daily attendance rates in the district, and provides numerous opportunities for students to be involved on campus through clubs, teams, and activities.

Tulare Western's Mission Statement: Tulare Western High School is a community of life-long learners in a safe and challenging learning environment that prepares all students to become well rounded, productive, and responsible citizens.

Tulare Western's Vision Statement: Tulare Western is ALL-IN on achieving excellence in a diverse environment that is safe, caring, and welcoming. This PRIDE in our identity, is reflected in academic achievement, extra and co-curricular activities, athletics, community involvement and college and career readiness.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

The Tulare Joint Union High School District held a public hearing on September 5, 2019 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in March, 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

Situated on approximately 45 acres, Tulare Western High School was originally constructed in 1959 and has been thoroughly modernized over the past several decades. Tulare Western High School is currently comprised of 77 permanent classrooms, a library, four computer labs, a career center, a cafeteria, one multipurpose room, three softball fields, three baseball fields, a football practice field, six tennis courts, and two gymnasiums. The chart displays the results of the most recent school facilities inspection. Specific findings of the most recent inspection are available in the main office upon request.

Cleaning Process

Tulare Western High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Tulare Western High's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	53	N/A	53	N/A	50	N/A
Math	28	N/A	24	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents and the community are very supportive of the educational program at Tulare Western High School. Tulare Western parents annually participate in Parent Institute for Quality Education (PIQE). Parents also participate in school-site council and ELAC committee. Numerous programs and activities are enriched by parent volunteers and the generous contributions made by the following organizations: Tulare Western Parent and Academic Club, Athletic Boosters, FFA Boosters, and Band Boosters. For more information on how to get involved, visit the school website or contact the school directly. Parents and students benefit from parental involvement and is founded as one of the keys to a successful high school experience.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

The safety of students and staff is always a priority at Tulare Western High School. Tulare Western installed a secured door/buzz-in system, so all guests entering through the main office or the counseling office, get cleared prior to entering the campus. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among teachers, school administrators, and campus security staff. To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed, which is updated every spring. Any revisions made to the plan are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: child abuse reporting procedures, disaster response procedures, suspension and expulsion policy, sexual harassment policy, teacher notification of dangerous pupils procedures, and safe ingress and egress of pupils, parents, and school employees. Tulare Western Admin has worked with stakeholders to develop a plan to reduce suspensions of all general education students and special education students. Tulare Western is implementing a Positive Behavior Intervention and Supports program which includes an incentive program for positive behavior, spirit shirts, and a PRIDE assembly at the end of the school year to recognize and celebrate student success.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held on a rotating basis. Tulare Western staff have also been ALICE (Alert, Lockdown, Inform, Counter, Evacuate) trained for scenarios involving campus intruders or active shooters on campus.

In dealing with COVID-19, all staff, students, parents, and visitors are required to check-in before entering campus to be health screened. All staff, students, parents or visitors must wear a mask when on the campus of Tulare Western, and honor social distance of others. Additionally, staff in high traffic areas have had their work stations set up with plexi glass, to assist in keeping them safe from the spread of COVID-19. The TJUHSD has provided our site with ample PPE, to make sure we have a clean and disinfected environment and that staff are safe while at work.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	6.6	6.5	7.7	7.7	3.5	3.5
Expulsions	0.2	0.7	0.6	0.5	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	4.60	6.42	
Expulsions	0.43	0.00	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

The math program has changed their curriculum in Algebra 1 and Geometry therefore there has been extensive professional development in the new curriculum and the strategies to be utilized with this new curriculum. The professional development for Geometry was conducted during the summer in 2013 and coaches were provided for the math teachers throughout the year. In addition, there were four full-day trainings offered to all Geometry teachers during the year.

The district has also contracted with the Tulare County Office of Education to provide training to staff and administrators to fully understand the Common Core Standards. The district has also provided professional development on the district common core writing rubric developed by the Common Core Writing Focus group. Professional development was provided to teachers to learn new instructional strategies that they could utilize as they transitioning to the common core state standards. The professional development that was provided included Kagan strategies, 21st Century skills by Lee Crockett, Project Based Learning, and Interactive notebooks. All teachers at Tulare Western participate in Professional Learning Communities and Instructional Rounds. The dialogue that takes place during these meetings drives the professional development activities at Tulare Western High School. Tulare Western teachers are spending significant time on critical reading strategies and implementing ELD strategies in Math, Social Science, and Science courses.

The district will continue to provide professional development to staff as the transition to the Common Core Standards continue and to be ready for the Smarter Balance Assessment in the spring of each school year.

The following classes are articulated with College of the Sequoias:

English 1 and English 2

Teachers throughout the district have established benchmarks and essentially learnings for all coursework. Students participate in program majors and career pathways, and these courses give students an opportunity to complete these pathways. All of these career-technical programs have classes that offer rigorous coursework for all students. Within each CTE program there are a sequence of courses which allows students to gain the skills and knowledge necessary to earn a certificate of completion

All Career Technical Education programs are available to all students in the district. Many students go to the district farm or other campus to take a CTE course. High school counselors work with all students in identifying their goals and career pathway or program. Career center technicians work with students on interest surveys and identify careers as well. All students are invited to participate in CTE programs regardless of socio-economic background, ethnic background, or learning ability.

Several assessment tools are used for all CTE programs and courses. They include: reports on enrollment, concentrators and completors for each CTE program. Follow-up surveys on student placement in the industry or continuing education information helps the district evaluate the course, also. Several advisory committees involving business representatives, teachers, parents, and students evaluate all CTE programs and courses throughout the year.

For more information about Career/Technical Education and/or the district's Regional Occupation Program, please contact Tammy Aldaco, Assistant Superintendent for Student Services and Special Programs.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
