Assessment of the Current Status of School Crime

In the 2019-2020 school year here at Hillside High School we have had no incident regarding theft. In relation to drugs/paraphernalia, the Interquest dogs has alerted to student's back packs seven times, three of those incidents, we found lighters, vape pens for tobacco products, a small amount of marijuana and blunt wraps. These were the only encounters with drugs/paraphernalia this year. We had one altercation this year that occurred in front of the boys bathroom. This issue was resolved quickly. We have been successful using conflict resolutions with our students before situations escalate.
Appropriate Programs and Strategies that Provide School Safety

Hillside High School employs one proctor who roams the grounds during the day to monitor students. We are a closed campus which uses one entry and exit gate located at the front of the school. Hillside HS has a working surveillance system with 18 cameras housed throughout the campus. These cameras are used to monitor student activity and investigate incidents on campus. We use an intercom system as well as handheld radios to communicate with staff, students and faculty. In addition, we have the capability to communicate with parents and inform them of arising issues via personal phone calls, Aeries communication and/or school wide email.

The Hillside staff makes themselves readily available at all times to the student body who are greeted by their teachers as they enter the classroom. Through being visible students have developed a relationship with us and report concerns when they arise. 95% of Hillside students feel very safe at school. Beside the staff at HHS, we are lucky to have Officer Hajj and Probation Officer Ayala appear frequently on our campus as needed.

UUSD has implemented an Attendance matrix that is followed across the district to improve our overall attendance. Currently, we contact parents daily to inform them of attendance issues. We hold Pre-SART meetings on campus with parents, student, Principal, Counselor, Healthy Start Staff, and Probation Officer. This is our attempt to get them back on track and explain the importance of coming to school and how it affects their education. At the Pre-SART meeting, parents and students sign a contract and are responsible to adhere to its guidelines. If they violate this contract they are referred to SARB at the Upland Police Station.

Our counselor and staff are diligent in identifying students of concern. We meet monthly to discuss any students that are identified by the staff and work together to develop a plan to assist them. We can have a Mental Health Psych, Healthy Start representative, and a probation officer attend these meetings if needed to provide additional input or resources for our students.

Every year, our students have their pictures taken in September and are issued an identification card. Students are to carry this card with them at all times and furnish it upon request. Students also use their card to check into dances and other Upland High School events.

All visitors check in with the front office and sign the visitor’s log.

Here at HHS, we utilize a variety of interventions to assist our students with academic progress and improve school behavior. We use an advisory period once a quarter to work with students one-on-one to monitor their credits and create a plan for them to achieve their goals. We also have student conferences for those students who fall behind or having behavior issues. We often place these students on contracts or refer them to the Alternative Placement Committee for a change of placement that better meets their needs.

We have an eighty percent counselor who is available four days a week, all day Monday, Tuesday morning till 11:30, Wednesday 11:30 till the end of of the day, all day Thursday and Friday to conference with students and sees them as needed. We have implemented an Associate Student Body Leadership Organization to give students an active voice on campus.

HHS has a nurse who visits us every Tuesday and upon request to assist with medical needs and issues. Also, all staff members at HHS has taken and passed an Epi pen in-service training. We have a Health Tech that handles all day to day student health needs.
Component 1: Narrative on School Climate

School Profile – Area of Pride and Strength
The district's commitment to Hillside is apparent. One year ago the superintendent approved the refurbishing of all buildings exterior along with repaving and re-stripping of our parking lot. Our field area was re-done to allow us to practice and host sporting activities. The district also assisted with helping us create a farm and garden area which is completely maintained by students with the supervision of staff. This year we started a Construction Class which our students are building a Tiny House with via the supervision of one of our teachers. Our quad is cared for by district personnel which looks park-like with grass, plants, and trees. There is a stage area in the quad that serves as a backdrop for outdoor assemblies. For the 18-19 school year, the district implemented a combined commencement ceremony that is the culmination of every academic year. Previous years the commencement ceremony was held at HHS and now we have one ceremony at the Toyota Center with UHS. Evidence of student pride is reflected by one incident of graffiti in the past five years.

Curriculum and Educational Activities
The course of study includes the "a-g" core curriculum, Physical Education, and enrichment classes such as ROP, Art, Avid, Agriculture, Music, Spanish, Leadership, Construction, Careers, Health, Psychology, and Computers. All of these classes have been added and embedded in our master schedule.

Students will have the opportunity to participate in Associate Student Body, (ASB), and Intramural sports. We have formed a league in this area that supports competitive sports against other continuation schools.

The Hillside High School Staff awards students for academic and attendance achievements at the Student Recognition Awards quarterly.

The School's Social Environment
Leadership at Hillside High School is a shared process. A proactive role is assumed in all phases of the school operation. The current management team is committed to progressing Hillside High School toward excellence in the areas of academic and social behavior. The principal sets a positive tone for the site and carefully guides the staff to work closely with administration on curricular and safety issues.

Classroom Organization and Structure
Hillside High School teachers provide a varied learning environment in their classrooms. Teachers use a variety of 21st Century technology and Common Core instructional strategies that include but are not limited to: Projects, presentations, hands-on activities, portfolios, journals, creative writing, collaborative learning groups, art, displays and role playing. The teachers at Hillside High School are highly qualified, with many teachers holding advanced degrees. The dedicated staff strives to provide quality "a-g" education for all students in a safe and orderly learning environment. Teachers work in Professional Learning Communities (PLCs) to enhance the experience of learning, and promote positive interactions among pupils and staff. Our classes are staffed at a school wide ratio of no higher than 20:1. All staff focuses on maximizing "time on task" and "writing across the curriculum" while minimizing disruptions.

Every effort is made to free high traffic areas of congestion. Optimal classroom arrangements are implemented to help prevent aggressive student behavior. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior, as well as, provide the teacher with full view of the students. Teaching materials and student supplies are readily accessible to minimize student-waiting time.
Professional Development
The Upland Unified School District believes that high quality, research-based professional development is essential to continuous improvement of teaching skills and concepts. The District provides or coordinates on-going training based on needs identified through student performance indicators, including results of the SBACC yearly exam, the California English Language Development Test, District benchmark assessments, and input from sites regarding specific needs. Professional development is aligned with the District Strategic Plan for Student Achievement and Board goals. Teachers, paraprofessionals and administrators participate in workshops, and conferences that allow them to grow professionally and provide opportunities for collegial sharing. Regular meetings of teacher leaders in literacy, mathematics, reading intervention and technology as well as follow-up coaching support full implementation of training. Additionally, each school provides time for teacher collaboration on student achievement data, curriculum development, and review of classroom-based performance measures.

Examples of workshops and coaching implemented as the result of analysis of student achievement include: Effective Teaching, Classroom Management, Curriculum Alignment and Mapping, Project GLAD, Project IMPACT, SIOP (Sheltered Instruction Observation Protocol), 21st Century Classroom Technology, Common Core State Standards, Modeling Academic Language and character education. Staff members participate in professional development in all-day workshops, after-school workshops and meetings, individual coaching/mentoring, and off-site conferences. The Induction Program provides support to new teachers. The Peer Assistance and Review Program is available to provide support to teachers in the areas of content knowledge and teaching strategies. Currently, the District calendar includes a minimum day each week to allow for on-going teacher dialogue and collaboration to meet student needs.

School Cultural Environment
Hillside High School was founded as a result of a city-wide election that separated Upland High School from the Chaffey Joint Union High School District and merged it with the K-8 Upland School District. The 9-12 population included about 75 Upland students who had been attending the Chaffey district’s Valley View Continuation High School, so it was necessary to create a continuation high school for Upland. Hillside High school officially opened its doors in September of 1987 in a converted warehouse near Mountain Ave. and 9th street about a mile east of its current location. The location was temporary, so over the next five years the district staff and the Hillside staff collaborated with an architect to design a site that would preserve the proximity and personal involvement enjoyed by the staff and students in a centralized setting of the warehouse. Teachers found it easy to monitor and interact with the students and licked having a small campus where students could pass from one class to another in one minute. The small size maximized teaching time and minimized the opportunity for students to misbehave. Students who transfer from Upland High School to Hillside often note that they found the size of UHS (3,400 students and 44-acre campus) overwhelming and a factor that contributed to their lack of success there.

Discipline Policy and Code
Hillside High School has developed and consistently enforces school-wide rules that are clear, broad based, and fair. Our school-wide discipline policy includes a code of conduct and specific rules and consequences that accommodate student differences on a case-by-case basis when necessary. Discipline consequences are commensurate with the offense, applied in a non-discriminatory manner, and accommodate cultural diversity. Direct teaching, as well as, social problem solving and social decision-making is addressed in personal counseling.

Hillside High School uses both classroom and school-wide discipline codes that clearly communicate the positive behavioral expectancies for pupils on school grounds, as well as to and from school.

During the past three years, through consistent use of our established disciplinary policies and building rapport with students, we have been able to substantially reduce the number of fights occurring at Hillside High School. The partnership with Interquest, drug dogs, on our campus has reduced incidents involving drugs and alcohol. We will continue to educate our students in ways to avoid conflict and the use of controlled substances.
Safe Schools Assessment
A safe and orderly environment is one characteristic of an effective school. Hillside High School is committed to the safety of students, staff, and parents. The district office coordinates the development, annual review, and updating of the district-wide Comprehensive Safety Plan through a committee comprised of school representatives. Hillside aligns procedures and routines to fit our specific site needs. All staff members have copies and regularly review the site and district emergency manual and plan. Emergency procedures are posted throughout the campus and regular emergency drills are held. We regularly practice safety drills and work actively to prevent unsafe situations.

Gang Affiliation
Gang affiliation and gang activity will not be tolerated at Hillside High School. The staff at Hillside High School works closely with the District Resource Officer and Probation Officer and local law enforcement regarding all issues and matters that are gang related. Information from the school and the community are communicated to the student’s parents, if a pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs are offered to the families through workshops, counseling and parent institutes.

Drug and Violence Prevention Programs
The district uses "Here’s Looking at You" drug prevention program in the Elementary schools and has partnered with Reach Out West End to provide grades 7-12 with an intervention program. Each school also conducts activities from character building, words of wisdom, anti-bullying prevention presentations at all grade levels.

Parent/Guardian Involvement
At Hillside High School, we recognize that education is a team effort. Each parent/guardian is required to attend a comprehensive orientation in which all facets of the program are described along with opportunities for parental involvement in the school. We encourage and appreciate parental involvement through our various school events, School Site Council, and other site-based committees. Parents are invited to attend Report Card Night which is held twice a year, once during the Fall after the close of 1st quarter grades, and again during the Spring after the close of 3rd quarter grades. During this event, parents are able to meet with each of their student’s teachers to discuss their academic progress. Parents are also able to check their student’s academic progress and correspond with teachers through School Loop, Hillside’s website and online grading program. Hillside uses letters and an automated phone system to inform parents regarding attendance, testing, and other school events. Administrators and counselors meet regularly with students and their parents to discuss attendance, academics, and behavior.

Upland Rotary Club partners with Hillside by offering an annual scholarship and youth leadership program.

Campus Supervisor and Administrative Positions
Hillside High School enhances physical safety by monitoring the surrounding school grounds—including landscaping, parking lots, and surrounding areas. Since students are often the most likely group to know in advance about potential school violence, they are a good source of information. When it comes to school safety, pupils are encouraged to report any information to an adult on campus. Effective relationships between the principal, counselor, and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.
Truancy
Hillside High School recognizes the importance of punctuality and regular attendance. The staff of Hillside High School keeps accurate records of attendance for all students. Administration works with students to build a schedule that best fits the needs of our students and allows them to have positive attendance. Parents of students with poor attendance are contacted and the student may lose a class if they have been awarded more than six. Students with poor attendance due to medical issues are referred to the school nurse and placed in Home Hospital or Independent Studies if necessary. Should attendance problems continue, official action is taken, which could result in a referral to the School Attendance Review Board. Student may ultimately be referred to the San Bernardino County District Attorney's Office with a request for Prosecution for the parent and/or the student.

Campus Disturbances and Crimes
Hillside High School is inspected daily by the school custodians and principal for any immediate concerns like graffiti, leaks, restroom problems, and HVAC. The Facilities department provides the School Site with a work order system for the school to report any maintenance problems. If the repair is urgent the school will email the Facilities Department and personnel will respond accordingly. If a repair cannot be completed by our personnel then an outside vendor is called in to repair. Currently no corrective actions are needed at Hillside High School.

Visitors and Disruptions to Educational Process
Hillside High School is aware of the laws, policies and procedures, which govern the conduct of visitors on campus. Hillside High School uses continuing efforts to minimize the number of campus entrance and exit points daily. Access to the school grounds is limited and supervised on a regular basis by individuals, such as the campus proctor; staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through the areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has two gates one marked entrance and one marked exit which enclose the campus.

District employees, including those assigned to Hillside High School part-time shall wear appropriate identification badges while on campus conducting business. All visitors to the campus must register immediately upon entering any school building or grounds when school is in session. Hillside High School has established a visible means of identification for visitors while on campus. Furthermore, the principal, designee may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act. The District is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.
Component 2: Physical Environment

Introduction
Hillside High School is an orderly and purposeful place where students and staff are free to learn and teach without the threat of physical and psychological harm. Hillside High School is a unique school in that we serve eleventh and twelfth grade students who have fallen behind in credits. It is our goal to help students re-establish themselves academically and gain the skills needed to return to the comprehensive high school or graduate and transition into the next phase of their education.

Our families and visitors report that Hillside High School is a welcoming, caring and safe environment. Students make connections with their teachers and as a result gain the self-confidence and drive necessary to reach their graduation goals. Hillside High School promotes educationally and psychologically healthy environments for all children and youth. HHS recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents, and the community. HHS further recognizes that safe school practices must include the proper care of the physical environment.

The Schools’ Location and Physical Environment
Hillside High School is located in the Southern area of Upland. The immediate area around the school includes commercial buildings, apartments and single house dwellings. Present safety hazards include heavy traffic areas, large trucks and railroad tracks.

Description of School Ground
The school site encompasses 15,840 square feet. The buildings have numerous hallways and P.E. fields are located on the south side of campus, with basketball and volleyball courts on the south side of campus. The south field contains a football field and baseball diamonds. Hillside High School is completely enclosed by a fence with gates that are kept locked during school hours. There are fourteen classroom buildings. Other ancillary rooms include offices, staff workrooms, restrooms, and Multi-Purpose room.

During the day, staff members, and administrators provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It is practice at Hillside High School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are addressed promptly.

Maintenance of School Buildings/Classrooms
The school opened to students and staff September 1987. District personnel periodically examine the school's facilities and help eliminate obstacles to school safety. Additionally, health and fire departments inspectors contribute to school safety. The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. The pupils are taught to take pride in the appearance of the school.

Internal Security Procedures
Hillside High School has established procedures in the following areas. Expulsion, suspension and truancy data are reported on ConApp Part 1 of SARC. There are also established procedures to inventory and access student records.
Hillside High School maintains a copy of the district's sexual harassment policy in the main office/principal's office and the policy is available on request. Additionally, a notice summarizing this sexual harassment policy appears in the mandated notices that are distributed at the beginning of the school year to all parents and pupils.

Discipline procedures focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences from Hillside High School are specifically described in this Comprehensive Schools Safety Plan. Pupils may be suspended, transferred to another school, or recommended for expulsion for certain acts. For specific student violations, a mandatory expulsion or stipulated expulsion recommendation shall be submitted by the administration.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079

Hillside High School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

**Inventory System – Engraved ID, Security Storage**
Most school-site equipment has a metal ID tag or a bar code sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

**Disaster Procedures, Routine and Emergency**
A contingency plan for emergencies is contained in a handbook available to each staff member and is attached. Administrators review the plan and have practice drills annually. This plan also contains available district and outside agency resources and emergency disaster procedures.

Child Abuse Reporting Procedures

A mandated reporter who knows or reasonably suspects that a minor is the victim of child abuse must report immediately by telephone and in writing by follow-up report within 36 hours to a law enforcement agency. Mandated Reporter: a “Child care custodian”; includes teachers, administrators, supervisors of child welfare and attendance, certificated pupil personnel staff, instructional aides, teacher’s aides, and teacher assistants and paid athletic coaches. District employed child care workers and health practitioners (doctors, nurses and psychologists) are also mandated reporters.

Knowledge of or Reasonably Suspects Abuse: When a mandated reporter observes a child with physical “injuries which appear to have been inflicted...by other than accidental means by any other person...” Whether or not there are visible physical injuries, all suspected sexual abuse must be reported.

To Whom is the Report Made: An oral report to designated law enforcement agencies must be made immediately. The observing employee must contact:

a. The Child Protective Services (CPS) Unit of the local Welfare or Human Services Department:

or

b. Upland Police Department (909) 982-1331
   Emergency Number 911

All law enforcement officers are mandated reporters.

A follow up written report must be submitted within 36 hours. Forms are available on-line at:

School Interview Law: Penal Code 11174.3 imposes both a time sequence and series of duties on school personnel and the law enforcement investigator. This law is limited to child abuse victims only. The law speaks only to abuse which takes place in the home. When law enforcement comes to school to take the child into custody, rather than question the child, the interview procedures do not apply. The child is effectively under arrest.

Law enforcement (sheriff, police or CPS) may interview suspected victims of child abuse on school premises during school hours concerning child abuse in the home. The child may choose to be interviewed in private or may select an adult staff member to be present “to lend support.”

Step One – The investigator comes to school. All investigations begin in the school office. The staff member “in charge” should ask for identification and the purpose of the proposed interview. When it is made clear that the interview will focus on allegation of abuse in the home, the staff member in charge should be present with the child before the interview begins.
Step Two - The investigator must advise the child of the right to choose a staff member to be present during the interview.

What the school employee should do if:
1. The child chooses not to have a staff member present?
   The staff member should leave the room.
2. The child asks for either the mother or father to be present?
   School employees do not grant or deny such requests. This responsibility lies with the investigator.
3. The child changes their mind during the interview?
   The law gives the child a continuous option to ask for an adult staff member or to send the staff member away.

Step Three – The child asks for an adult staff member to be present
What can the selected staff member do:
   a. The staff member, by law, may decline to sit in the interview
   b. The school administrator should inform the selected staff member of their duties during the interview. A copy of Penal Code 11174.3 should be supplied to the staff member who has agreed to be present.
   c. The staff member’s role is one of a “comforter” during the interview. There is no questioning by the staff member and no discussion of the child abuse incident with the child. There must be no prompting by the staff member. Investigators should not attempt to ask or direct the staff member to coerce, suggest or elicit a response from the child.
   d. The law forbids disclosure of what the staff member hears or learns during the interview. This confidentiality disappears when a court orders testimony. No written report is required by the staff member.
California Penal Code 11174.3
“School Interview Law”

11174.3 (a) Whenever a representative of a government agency investigating suspected child abuse or neglect or the State Department of Social Services deems it necessary, a suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be afforded the option of being interviewed in private or selecting any adult who is a member of the staff of the school, including any certificated or classified employee or volunteer aide, to be present at the interview. A representative of the agency investigating suspected child abuse or neglect or the State Department of Social Services shall inform the child of that right prior to the interview.

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Section 11167.5. A representative of the school shall inform a member of the staff so selected by a child of the requirements of this section prior to the interview. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. Failure to comply with the requirements of this section does not affect the admissibility of evidence in a criminal or civil proceeding.

BP 5141.4

Students

Child Abuse Prevention

The Governing Board recognizes the district's responsibility to educate students about the dangers of child abuse so that they will acquire the skills and techniques needed to identify unsafe situations and to react appropriately and promptly.

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

(cf. 6143 - Courses of Study)

The Superintendent or designee shall seek to incorporate community resources into the district's child abuse prevention programs. To the extent feasible, the Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

(cf. 1020 - Youth Services)

Child Abuse Reporting

The Board recognizes that child abuse has severe consequences and that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

(cf. 0450 - Comprehensive Safety Plan)

Employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

Board Policy

Suspension And Expulsion/Due Process

BP 5144.1
Students

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

(cf. 5131 - Conduct)
(cf. 5144 - Discipline)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be those specified in law and administrative regulation.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district’s nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when the student involved has a history of misconduct and other means of correction have failed to bring about proper conduct or the student’s presence causes a continuing danger to himself/herself or others.

To correct the behavior of students who are subject to discipline, the Superintendent or designee, to the extent allowed by law, shall use alternative disciplinary measures that keep students in school during the school day.

(cf. 1020 - Youth Services)
(cf. 5138 - Conflict Resolution/Peer Mediation)

Removal from Class by a Teacher and Parental Attendance

(Education Code 48900.1)

Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and his/her parents/guardians and to improve classroom behavior.

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law. (Education Code 48900.1)

WILLIAMS CRITERIA LEGISLATION

(Education Code 35186)

UNIFORM COMPLAINT PROCEDURES
The Governing Board recognizes that the district has the primary responsibility for ensuring compliance with state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve complaints at the local level. The district shall follow uniform complaint procedures when addressing complaints alleging unlawful discrimination based on religion, age, gender, color, sex, sexual orientation, ethnic group identification, race, ancestry, national origin, or physical or mental disability in any program or activity that receives or benefits from state financial assistance. The district shall also follow uniform complaint procedures when addressing complaints alleging failure to comply with state or federal laws including adult basic education, consolidated categorical aid programs, vocational education, child care and development programs, child nutrition programs and special education programs.

The Board encourages the early, informal resolution of complaints at the site level whenever possible.

Upon receipt of a written complaint from an individual, public agency or organization, uniform complaint procedures shall be initiated. The Superintendent or designee shall distribute full information about these procedures.

The Board prohibits retaliation in any form for the filing of a complaint, the reporting of instances of discrimination, or for participation in complaint procedures. Such participation shall not in any way affect the status, grades, or work assignments of the complainant.

The Board acknowledges and respects student and employee rights to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts. This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee on a case-by-case basis.

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Such employees may have access to legal counsel as determined by the Superintendent or designee.

COMPLIANCE OFFICER
The Governing Board designates the following compliance officer to receive and investigate complaints and ensure district compliance with law:
Assistant Superintendent of Human Resources
390 N. Euclid Avenue
Upland, California 91786
(909) 985-1864

The Superintendent or designee shall annually notify in writing, as applicable, its students, employees, parents or guardians of its students, the district advisory committee, school advisory committees, and other interested parties of their local educational agency complaint procedures, including the opportunity to appeal to the California Department of Education. The notice shall include the identity (identities) of the person(s) responsible for processing complaints. The notice shall also advise the recipient of the notice of any civil law remedies that may be available, and of the appeal and review procedures. This notice shall be in English, and when necessary, in the primary language or mode of communication of the recipient of the notice.
The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. The Compliance Officer shall maintain a record of each complaint and subsequent related actions, including:

a) The original complaint;
b) A copy of the district decision;
c) A summary of the nature and extent of the investigation conducted by the district if not covered in the district decision;
d) A report of any action taken to resolve the complaint;
e) A copy of the district complaint procedures; and
f) Such other relevant information.

The district will use its uniform complaint procedures when addressing all complaints regarding sex equity.

Investigations of discrimination complaints shall be conducted in a manner that protects confidentiality of the parties and the facts.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

**Step 1: Filing of Complaint**

Any individual, public agency or organization may file a written complaint of alleged noncompliance.

The complaint shall be presented to the Superintendent or designee, who will then give it to the appropriate compliance officer. The Superintendent or designee will maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as illiteracy or other handicaps, district staff shall help him/her to file the complaint.

Complaints alleging unlawful discrimination may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint must be initiated no later than six months from the date when the alleged discrimination occurred or when the complainant first obtained knowledge of the facts of the alleged discrimination.

**Step 2: Investigation of Complaint**

The compliance officer shall hold an investigative meeting within five days of receiving the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally. The complainant and/or his/her representative and the district's representatives shall also have an opportunity to present information relevant to the complaint. Parties to the dispute may discuss the complaint and question each other or each other's witnesses.

To ensure that all pertinent facts are made available, the compliance officer and the complainant may ask other individuals to attend this meeting and provide additional information.

**Step 3: Response**

Within 30 days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five days, file his/her complaint in writing with the Governing Board. The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision is final. If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 days of the district's initially receiving the complaint or within the time period that has been specified in a written agreement with the complainant.
Step 4: Final Written Decision

The report of the district's decision shall be written in English and in the language of the complainant whenever feasible or required by law. If it is not feasible to write this report in the complainant's primary language, the district will arrange a meeting at which a community member will interpret it for the complainant.

This report shall include:

1. The findings and disposition of the complaint, including corrective actions, if any.
2. The rationale for the above disposition.
3. Notice of the complainant's right to appeal the decision to the California Department of Education, and procedures to be followed for initiating such an appeal.
4. A detailed statement of all specific issues that were brought up during the investigation and the extent to which these issues were resolved.

If an employee is disciplined as a result of the complaint, this report shall simply state that effective action was taken and that the employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may seek assistance through resources, i.e., Legal Aid Society of the West End, Inland Counties Legal Services or Tel-Law General information. If unable to resolve the dispute via local remedies, the complainant may appeal in writing to the California Department of Education within 15 days of receiving the district's decision. Other resources available include the Office of Civil Rights and the American Civil Liberties Union.

When appealing to the California Department of Education, the complainant must specify the reason(s) for appealing the district's decision and must include a copy of the locally filed complaint and the district's decision.

Disciplinary Action

Any student who is found to be responsible for sexual harassment will be subject to appropriate discipline up to and including expulsion. The severity of the disciplinary action will be based upon the circumstances of the infraction. (Education Code 48900) (Cross Reference: CSBA Policy No. 5145.7)

EC 48900.3 states that suspension or expulsion may be applied if a student “caused, attempted to cause, threatened to cause, or participated in an act of hate violence.”

Hate violence is generally directed against an individual or group of individuals because of their race, religion, ethnicity, or other characteristic.

EC 48900.4 states that suspension or expulsion may be used if a student has “intentionally engaged in harassment, threats, or intimidation, directed against a student or group of students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of that student or group of students by creating an intimidating or hostile educational environment.”

Examples of harassment, threats, or intimidation include mad dogging (intimidating stares), statements like “you better watch your back,” any action that is intended to harass, intimidate, or threaten another student.

Students should feel free from threats and intimidation at school. As always, if you have any questions or comments about these or any other school rules or policies, we at Hillside High School stand ready to assist.

Administrative Regulation

Complaints Concerning Discrimination In Employment

AR 4031
Personnel

Complaint Procedure

Any complaint by an employee or job applicant alleging discrimination or harassment shall be addressed in accordance with the following procedures:

1. Notice and Receipt of Complaint: Any employee or job applicant (the "complainant") who believes he/she has been subjected to prohibited discrimination or harassment shall promptly inform his/her supervisor, the district's Coordinator for Nondiscrimination in Employment, or the Superintendent.

   The complainant may file a written complaint in accordance with this procedure, or if he/she is an employee, may first attempt to resolve the situation informally with his/her supervisor.

   A supervisor or manager who has received information about an incident of discrimination or harassment, or has observed such an incident, shall report it to the Coordinator, whether or not the complainant files a written complaint.

   The written complaint should contain the complainant's name, the name of the individual who allegedly committed the act, a description of the incident, the date and location where the incident occurred, any witnesses who may have relevant information, other evidence of the discrimination or harassment, and any other pertinent information which may assist in investigating and resolving the complaint.

   (cf. 0410 - Nondiscrimination in District Programs and Activities)
   (cf. 4030 - Nondiscrimination in Employment)
   (cf. 4032 - Reasonable Accommodation)
   (cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

2. Investigation Process: The Coordinator shall initiate an impartial investigation of an allegation of discrimination or harassment within five school days of receiving notice of the behavior, regardless of whether a written complaint has been filed or whether the written complaint is complete.

   The Coordinator shall meet with the complainant to describe the district's complaint procedure and discuss the actions being sought by the complainant in response to the allegation. The Coordinator shall inform the complainant that the allegations will be kept confidential to the extent possible, but that some information may be revealed as necessary to conduct an effective investigation.

   (cf. 3580 - District Records)
   (cf. 4112.6/4212.6/4312.6 - Personnel Files)
   (cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

   If the Coordinator determines that a detailed fact-finding investigation is necessary, he/she shall begin the investigation immediately. As part of this investigation, the Coordinator should interview the complainant, the person accused, and other persons who could be expected to have relevant information.
When necessary to carry out his/her investigation or to protect employee or student safety, the Coordinator may discuss the complaint with the Superintendent or designee, district legal counsel, or the district's risk manager.

The Coordinator also shall determine whether interim measures, such as scheduling changes, transfers, or leaves, need to be taken before the investigation is completed to ensure that further incidents do not occur. The Coordinator shall ensure that such interim measures do not constitute retaliation.

3. Written Report on Findings and Corrective Action: No more than 30 days after receiving the complaint, the Coordinator shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Coordinator shall notify the complainant and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If a determination has been made that discrimination or harassment occurred, the report also shall include any corrective action(s) that have been or will be taken to address the behavior, correct the effect on the complainant, and ensure that retaliation or further discrimination or harassment does not occur.

The report shall be presented to the complainant, the person accused, and the Superintendent or designee.

4. Appeal to the Governing Board: The complainant or the person accused may appeal any findings to the Board within 10 working days of receiving the written report of the Coordinator's findings. The Superintendent or designee shall provide the Board with all information presented during the investigation. Upon receiving an appeal, the Board shall schedule a hearing as soon as practicable. Any complaint against a district employee shall be addressed in closed session in accordance with law. The Board shall render its decision within 10 working days.

(cf. 1312.1 - Complaints Concerning District Employees)
(cf. 9321 - Closed Session Purposes and Agendas)

Other Remedies

In addition to filing a discrimination or harassment complaint with the district, a person may also file a complaint with either the California Department of Fair Employment and Housing (DFEH) or the Equal Employment Opportunity Commission (EEOC). The time limits for filing such complaints are as follows:

1. To file a valid complaint with DFEH, within one year of the alleged discriminatory act(s), unless an exception exists pursuant to Government Code 12960 (Government Code 12960)

2. To file a valid complaint directly with EEOC, within 180 days of the alleged discriminatory act(s) (42 USC 2000e-5)

3. To file a valid complaint with EEOC after first filing a complaint with DFEH, within 300 days of the alleged discriminatory act(s) or within 30 days after the termination of proceedings by DFEH, whichever is earlier (42 USC 2000e-5)

Regulation UPLAND UNIFIED SCHOOL DISTRICT
approved: September 27, 2011 Upland, California
School-wide Dress Code

STUDENT DRESS AND APPEARANCE REGULATIONS

Under the Constitution of the State of California, the students of the Upland Unified School District have the inalienable right to attend schools that are safe, secure and peaceful. The Upland Unified School District Board of Trustees subscribes to the philosophy that students should be provided with a quality education in a safe, secure and peaceful environment. The Board has determined and finds that the presence of any gang related jewelry, insignia, colors, paraphernalia, apparel, clothing and attire on school campuses and at school activities results in substantial disruption of or material interference with institutional and other activities and so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the school. Specifically, the Board finds that it is necessary to establish dress and grooming regulations designed to regulate the wearing of or display of clothing, attire, jewelry, apparel, insignia, colors, paraphernalia or materials that evidence membership in or affiliation with any gang, which are obscene, sexually explicit or suggestive; which promote the use/abuse of drugs, tobacco and/or alcohol; which pose a threat to the physical wellbeing and safety of students or are likely to cause others to be intimidated by fear of violence; or which so incite students as to create a clear and present danger of the commission of unlawful acts on school premises or at school activities, or the violation of law or lawful school regulations or the substantial disruption of or material interference with the orderly operation of the school or school-sponsored activities.

In recognition of the instructional responsibilities and goals of the Upland Unified School District, the district hereby adopts the following regulations relative to the dress and appearance of the students:

1. No gang-related jewelry, insignia, colors, paraphernalia, materials, apparel, clothing or attire may be worn or carried on campus or at school activities. Also prohibited are notebooks, manner of grooming or gesture, which, by virtue of its color, arrangement, trademark, graffiti or any other attribute, denotes membership in such a group.

2. Each school site shall allow for outdoor use during the school day, articles of sun-protective clothing, including, but not limited to, hats. Each school site may set a policy related to the type of sun-protective clothing, including, but not limited to, hats, that pupils will be allowed to use outdoors. Specific clothing and hats determined by the school district or school site to be gang related or inappropriate apparel may be prohibited by the dress code policy. No gang-related hats or other gang related head attire may be worn on campus or at school activities.

3. Clothing, jewelry, paraphernalia or material, or manner of grooming, which is obscene, sexually explicit or which depicts or suggests sexually-related or obscene gestures, pictures or wording or which promotes violence, the use/abuse of drugs, tobacco, or alcohol, may not be worn or carried on campus or at school activities.

4. No student may wear articles of clothing, jewelry, paraphernalia or accessories which pose a threat to the physical and/or emotional well-being and safety of the student or others on campus or at school activities.

5. Clothing or articles of clothing (including, but not limited to, gloves, bandanas, shoestrings, wristbands, jewelry) which are likely to provoke others to acts of violence or which are likely to cause others to be intimidated by the fear of violence may not be worn on campus or at any school activity.

6. The principal or principal’s designee shall enforce the Student Dress and Appearance Regulations.

7. Gang-related clothing, apparel, attire including hats, jewelry, insignias, colors, paraphernalia and materials are prohibited from being worn at school or at school activities.

Policy  UPLAND UNIFIED SCHOOL DISTRICT
adopted: September 27, 2011  Upland, California
Hate Crime Policies and Procedures

Hate crime policies and procedures

EC 48900.3 states that suspension or expulsion may be applied if a student “caused, attempted to cause, threatened to cause, or participated in an act of hate violence.”

Hate violence is generally directed against an individual or group of individuals because of their race, religion, ethnicity, or other characteristic.

EC 48900.4 states that suspension or expulsion may be used if a student has “intentionally engaged in harassment, threats, or intimidation, directed against a student or group of students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of that student or group of students by creating and intimidating or hostile educational environment.”

Examples of harassment, threats, or intimidation include mad dogging (intimidating stares), statements like “you better watch your back,” any action that is intended to harass, intimidate, or threaten another student.

Students should feel free from threats and intimidation at school. These two provisions will help ensure a safe place for learning.

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Discipline

Policy UPLAND UNIFIED SCHOOL DISTRICT
adopted: August 28, 2012 Upland, California
Disaster Procedures

Disaster procedures, routine and emergency.

Disaster Service Workers

All public employees are designated as disaster service workers subject to service as may be assigned to them by their superiors or by law (Govt. Code, Chapter 8, Section 3100). Should a disaster strike during school hours, NO employee will leave his/her assignment under any circumstances unless officially released by the Superintendent or his designee.

“The Upland Unified School District agrees that, after meeting its responsibilities to pupils, it will permit, to the extent of its ability and upon request by the Red Cross, the use of its physical facilities by the Red Cross as mass shelters for the victims of disasters.”

All District staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and events that threaten to result in disaster.

The Superintendent or designee shall develop and maintain a disaster preparedness plan, which details provisions for handling all foreseeable emergencies and disasters. This plan shall be reviewed and updated at least annually.

Principals are the responsible party at each site and shall augment the district plan with working plans and procedures reviewed by the Superintendent and/or designee specific to each school site. All students and employees shall receive instruction regarding these plans.

The Superintendent or designee shall consult with city and/or county agencies so that district and site plans may provide the best possible way of handling each situation and also provide for emergency communications systems between these agencies and each school site.

The Superintendent, or designee, may provide a plan that allows bus seating capacity limits to be exceeded when a disaster or hazard requires students to be moved immediately to ensure their safety.

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services it deems necessary to meet the community's needs.

Disaster simulation exercises shall be held annually at each school site and coordinated with the city when possible. The exercises shall demonstrate how safety procedures may be applied to various types of emergencies.

All employees should become proficient in first aid and cardiopulmonary resuscitation. Each principal shall ascertain that at least one staff member at each school holds a valid certificate in these areas. The Superintendent or designee shall provide for CPR in-service training to be offered at least once a year for district staff.
