Coronavirus (COVID-19) Communication #14

May 15, 2020

Dear Upland Unified School District Staff and Families:

With some of the mixed messages we're hearing at the state and federal levels regarding the appropriateness of reopening public schools, many of you have expressed concerns about the status of next academic year. I wish I could guarantee that we will open our campuses on time, but the truth is that it's too soon to make any decision about how the fall semester will play out.

We are closely monitoring all developments with regard to COVID-19 and are in close communications with the San Bernardino County Superintendent of Schools and the San Bernardino County Department of Public Health. The ultimate determinant, of course, will be the safety and well-being of our students, teachers and staff, and we will continue to keep you posted as new information becomes available.

In the meantime, our Upland Unified School District team is committed to ensuring that your students have the most fulfilling education experience possible as we close out the current academic year and begin summer school via distance learning. I know how difficult this can be for all of you, and I truly appreciate your patience and understanding. If you are aware of any new students to our district, you can refer them to our [Online enrollment instructions](#) available on our website.

To our seniors, please know that we are hard at work planning your senior activities. You may have noticed the "Congratulations Class of 2020" displayed on billboards and electric signs throughout the city. These will be displayed through June 11. Official information about your upcoming activities will be sent to you on Monday evening.

Again, thank you so much for your support, patience and understanding during this difficult period. The amount we miss our students is illustrated in [this video](#) that was produced by our teachers and staff at Upland High School. Enjoy!

Be well. Be safe. Be UPLAND STRONG.

Dr. Kelly
