School Description

Baldy View Elementary, built in 1954, is located in Upland, California at the base of the San Gabriel Mountains. Backed by Mt Baldy, hence our name, families are welcomed with open arms. We have twenty-two classrooms, which service Transitional Kindergarten through 6th grade students from our community.

Our School Mission is: "The Baldy View students and staff pride themselves on being a community of learners with a strong commitment to reaching their full potential. The expectation is that students and staff meet academic standards, recognize and appreciate individual and cultural differences, and effectively learn to resolve problems that continuously challenge a global society. Students, as well as adults, collaboratively develop skills to become lifelong learners." Baldy View's staff is also committed to our District mission as well: "Upland Unified School District prepares and inspires all students to maximize their academic potential and to thrive in a complex global society."

Each year we strive to better our programs for student learning. We are excited to continue our school wide implementation of Thinking Maps (A common Language for Teaching and Learning), Daily 5/CAFE reading strategies and structure for Literacy for grades K - 3, and AVID strategies in grades 4 - 6. Teachers have ongoing training opportunities in these two initiatives. In the 2018-2019, year the campus received a Silver Award in observance of our implementation of PBIS (Positive Behavioral Interventions and Supports) across the campus. Baldy View received a grant and district support in purchasing ST Math, an online "Spatial and Temporal" math program for grades K - 6, which is still in use and offers students experiences in problem solving and deductive thinking. To support literacy, Baldy View has a reading lab, led by a Reading Specialist, that offers both push-in and pull-out opportunities to support students in areas of phonemic awareness, phonics, vocabulary, and comprehension. In addition to the lab and our teaching staff, an RSP Teacher, Librarian, Instructional Aides, and Bilingual Aides provide the extra support needed in the classrooms where students require more assistance to improve their skills.

With the generous support of our community and the adoption of Measure K, during the summer of 2011, we were able to increase our high level of learning by creating the "21st Century Classroom" throughout our campus. This classroom model includes an electronic teaching wall with interactive boards, projection/audio systems, and skylights. Currently, Grades K - 6 are one-to-one ratio with Chromebooks, and teachers throughout the campus work through Google Classroom. Additionally, teachers will check out the district Google Expedition kit to take students on virtual field trips to mountain ranges and libraries beyond our state, country, and even continent.

Baldy View has provided many after school clubs for enrichment over the past few years. Some of the clubs that have been offered include: homework, garden, Coding & Chess, and math enrichment. We are excited to offer these programs, directed by teachers, support staff, and local consultants throughout the week for minimal or no cost to parents. Think Together is an after school program established through state funds to keep kids safe after school. This program has a maximum of 120 students with five trained adults. Think Together meets every school day from the end of the day until 6:00 p.m. During the afternoon, students work on homework for one hour as well as take part in additional enrichment programs.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Baldy View uses the district's ELA/ELD textbook adoption of Wonders and Study Sync. For mathematics, GO Math is used K-6th across the campus. In all disciplines, teachers are utilizing Thinking Maps, a research based approach, to increase the students' ability to think critically and engage in more rigorous content. Baldy View teachers are also making use of materials and strategies through AVID, Daily 5 and Daily 3 math implementation. The site is also fully implementing the I-Ready language arts and mathematics diagnostic as it rolls out across the district.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the site's repairs, maintenance projects, and work order requests are performed by district maintenance personnel. Emergency situations are immediately resolved by the district maintenance staff or outside contractors, based upon the nature of the problem.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

The culture of our school reflects energy, enthusiasm, and a commitment to learning with high academic standards. At Baldy View, we set the bar high and support our community of learners in meeting or exceeding grade level standards. Students, parents, and staff all work together to ensure that this goal is met. For example, we challenge our parents to complete the district Parent Passport. This document challenges them to attend both site and district wide events to get stamps for their participation. Some key annual events that brings many parents to our campus are Donuts with Dad, Muffins with Mom, and our Grandparent luncheon. At the end of the year a parent event is held to recognize those that succeeded in filling their passports.

Our PTA becomes a stronger unit each year. They are a hardworking group that is focused on student and school needs; they take the initiative to make our school a pleasant and welcoming place for everyone. Our PTA provides us with funds to support school activities, assemblies, grade level field trips, and 6th grade end-of-the-year events & activities.

Beyond PTA, Baldy View has a wealth of opportunities for parent involvement. Some of these include: school spirit days, Parents Workshops, Kindergarten Writing Workshops for parents, a non-competitive field day, Read Across America celebration, Family nights, Country Fair, Family Fun night with Community fair, and our nighttime musical performances (what many consider to be the highlight of the year). On these nights, families are invited to participate and celebrate with us as their students perform music, poetry, and dances they've worked hard on over the prior weeks.

Parents are invited to spend time in their child's classroom, help in the library and office, and assist with extracurricular activities. Many of our events have been featured in our local newspaper spotlighting the students, families and community; they demonstrate how important partnered education is to all of us! The site is fortunate and grateful for the great support from our parents in teaming with us to work towards academic excellence.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

One of the characteristics of an effective school is a safe and orderly campus. Our number one commitment is to the safety of all who attend Baldy View Elementary. The district provides a safety plan developed by school representatives that is reviewed yearly in August. Monthly safety committee meetings are held at the district with a representative from each site attending. Information is brought back to our school safety committee who then aligns procedures and routines to our specific site needs. This plan is comprehensive, practiced during school hours and reviewed at monthly staff meetings. Specific safety objectives are practiced to mastery each month through the school-wide fire, disaster (earthquake) and lock-down drills. Objectives for drills include student behavior and procedures, attendance and search/sweep procedures. Located on our campus is a disaster bin to support student and adult needs, should we become a community shelter. Water and emergency supplies are stored and replenished on a yearly basis. We have a gated campus where all visitors are required to enter the office to have their license scanned through our RAPTOR system. There is a network of surveillance cameras throughout the campus that is monitored in the office and recorded to our server.

Our Comprehensive School Safety Plan covers key elements such as school discipline, disaster response, policies related to the progressive discipline model and safe exits and entrances throughout campus. The plan is reviewed annually and was last updated on October 8, 2020. On November 10, 2020 we shared the information with our Site Leadership Team for additional feedback and input. On January 15, 2021 the plan was shared amongst School Site Council and approved by all members.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

The Upland Unified School District believes that high quality, evidenced-based professional learning for all is essential to continuous improvement of teaching skills and concepts to improve student achievement. The District provides or coordinates on-going training based on needs identified through student performance indicators, including results of the California Assessment of Student Performance and Progress, the English Language Proficiency Assessments for California, District iReady benchmark assessments, and input from sites regarding specific needs. Professional learning is aligned with the District Strategic Plan for Student Achievement and Board goals. Teachers, paraprofessionals, child care providers, substitutes, clerical staff and administrators participate in workshops, and conferences that allow them to grow professionally and provide opportunities for collegial sharing. Regular meetings of teacher leaders in literacy, mathematics, reading intervention and technology as well as follow-up coaching support full implementation of training. Additionally, each school provides time for teacher collaboration on student achievement data, curriculum development, and review of classroom-based performance measures. Examples of workshops and coaching implemented as the result of analysis of student achievement include: Effective Teaching Strategies, Classroom Management, Curriculum Alignment and Mapping, English Language Development, AVID, Thinking Maps, Positive Behavior Intervention Support, Social Emotional Learning, 21st Century Classroom Technology, Common Core State Standards, Next Generation Science Standards, Modeling Academic Language, Universal Design for Learning, and Parent Engagement. Staff members participate in professional learning in all-day workshops, after-school workshops and meetings, individual coaching/mentoring, and off-site conferences, both in person and virtually. The Induction program provides support to new teachers. The Peer Assistance and Review Program is available to provide support to teachers in the areas of content knowledge and teaching strategies. Currently, the District calendar includes a collaboration day schedule each week to allow for on-going teacher dialogue and collaboration to meet student needs.

Types of Services Funded

Baldy View Elementary School receives funding for regular and supplementary educational programs. Our categorical funds consist of , ELL-I Title I, and Title III. The following special programs are offered at the school: English Language Learner program (ELL), Resource Specialist Program (RSP), Special Day Class (SDC), Think Together, band, substance abuse prevention, bully prevention and district and site provided P.E. instruction in grades 1-6. The school district also provides the following services to students: health services, library assistance, crisis intervention, speech and psychological services.

Community support is also an integral part of the program at Baldy View. PTA sponsors assemblies, field trips, and rewards for parents and students. We also receive financial support from Target and LifeTouch as well as certificates provided by Boomers, Brunswick Bowling, Denny’s, Mimi’s, and a variety of other restaurants and food establishments. Parent involvement and community support are very important to us and we appreciate all that they have to offer our school, students and staff.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
