School Description

Pepper Tree staff and parents work collaboratively to foster a sense of individual responsibility while developing self-esteem. Together, staff, parents, and students participated in developing our Cornerstones for Success, the beliefs that guide our school-wide expectations. It states:

We believe that: Each student has the right to learn; each teacher has the right to teach; and parental involvement and support are essential to success. Therefore, all students and adults will come to school prepared to learn; do their best; take care of personal and school property; show courtesy, caring and respect towards self and others; and use safe conduct.

School Vision: We generate life-long learners to become productive and contributing members of our society. In a safe and nurturing environment, we provide differentiated instruction to support the strengths of each child. We partner with our parents and community to create an engaging and collaborative environment where students are empowered to achieve their maximum potential.

Pepper Tree was built in 1991 and is the “youngest” school in Upland Unified. We are situated in the foothills below Mt. Baldy, approximately 35 miles east of Los Angeles, California.

Pepper Tree is home to 32 regular education classes encompassing kindergarten through sixth grade, an English Learner instructor, a speech and language specialist, a school Psychologist (two days/week), two full-time Resource Specialist teachers, paraprofessionals, a Health Technician, part-time band teacher and is also the home of the district’s home school program. We are the largest elementary school in the district with approximately 802 students and house the largest district-run day care program employing a coordinator and seven assistants to serve the before and after needs of Pepper Tree’s student population.

In 2004, due to our fine academic program, Pepper Tree was named a California Distinguished School. Pepper Tree continued to show academic growth and program enrichment and was again named a California Distinguished School when eligible to apply in 2008 giving us eight continuous years with the honor. Pepper Tree has consistently had the highest test scores in the district. In 2012, 2013 & 2014 Pepper Tree was awarded the California Business of Educational Excellence Honor Roll Award. This award is given to schools demonstrating outstanding success for raising student academic achievement. In 2019, Pepper Tree was given the Silver Award from the California PBIS Coalition for implementing our PBIS program with fidelity. In 2020, Pepper Tree was again recognized by the California PBIS Coalition and awarded the Community Cares Award for providing an exceptional Distance Learning program to our students during the COVID-19 Pandemic.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Per the William's Act, all students are provided with adopted textbooks and instructional materials in good condition. This year, bridge materials were purchased to provide support with our transition to the Common Core State Standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the site's repairs, maintenance projects, and work order requests are performed by district maintenance personnel. Emergency situations are immediately resolved by the district maintenance staff or outside contractors, based upon the nature of the problem.

School Facility Good Repair Status (Most Recent Year)Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Pepper Tree has an outstanding PTA. Parents organize many well-attended events throughout the year to raise money for programs, playground equipment, field trips and other school needs. Parents at Pepper Tree are extremely generous with their time, talents, and money, which enable us to provide an even more quality program than we would otherwise not be able to offer. Parents and grandparents help in the classrooms on a regular basis and assist daily in the library (shelving and repairing books) and the workroom (running materials for classroom use). At the first grade level, parents organize and run the home reading program. They check out books to students, make sure they have been read when returned and assign new books. In a number of grades, parents oversee students working on intervention programs to improve reading and math skills. Parents and community members help celebrate Read Across America to promote reading and provide a connection to careers in the community. Parent volunteers also plan and oversee our annual Science Fair contest. Parents unable to help during the school day, help out by preparing materials at home or making monetary contributions that are, in turn, matched by their employers. Other employers make contributions to the school based on the number of hours their employees volunteer. We are still able to experience field trips because of parent participation and funding. The arts are kept alive by each year celebrating students who enter the national Reflections contest and PTA provided art assemblies throughout the year. In addition, a Saturday Art Day, where students come to be instructed in various art mediums by volunteers, is also offered each year. Pepper Tree also hosts the Watch D.O.G.S. program. Watch D.O.G.S are "Dads of Great Students" or can be a any positive male role model. Watch D.O.G.S help in the parking lot, crosswalk, on the playground, and all over campus. Pepper Tree loves our volunteers and sincerely appreciate all they they do for our students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Pepper Tree is committed to the safety and security of our students, staff, and parents. We are proactive by planning for almost any situation. Pepper Tree’s Safety Committee modifies and aligns procedures and routines for specific site needs on an annual basis. We hold monthly safety drills with the students to prepare for any emergency situation. This plan is reviewed during monthly Safety Team meetings, during staff meetings and during Professional Learning days. Adjustments are shared and implemented with all staff as they occur. The Comprehensive Plan addresses various emergency situations and outlines procedures and policies related to all situations. It outlines

- Staff emergency and safety team responsibilities
- Disaster Response
- Safe ingress and egress to/from school
- Reporting child abuse
- Sexual harassment
- School discipline
- Provisions for school-wide dress code
- Policies related to suspension, expulsion or mandatory expulsion, etc.
- Procedures for notifying teachers about dangerous pupils community and discipline data. We practice scenarios and work proactively to prevent unsafe situations.

The last annual review for the School Safety Plan was conducted by Pepper Tree's administration and Safety Team in December of 2020. Additionally it was voted on and approved by the School Site Council on January 11, 2021.

Expulsions			

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

The Upland Unified School District believes that high quality, evidenced-based professional learning for all is essential to continuous improvement of teaching skills and concepts to improve student achievement. The District provides or coordinates on-going training based on needs identified through student performance indicators, including results of the California Assessment of Student Performance and Progress, the English Language Proficiency Assessments for California, District iReady benchmark assessments, and input from sites regarding specific needs. Professional learning is aligned with the District Strategic Plan for Student Achievement and goals set by the Board of Education and the School Plan for Student Achievement. Teachers, paraprofessionals, child care providers, substitutes, clerical staff and administrators participate in workshops, and conferences that allow them to grow professionally and provide opportunities for collegial sharing. Regular meetings of teacher leaders in literacy, mathematics, reading intervention and technology as well as follow-up coaching support full implementation of training. Additionally, each school provides time for teacher collaboration on student achievement data, curriculum development, and review of classroom-based performance measures. Examples of workshops and coaching implemented as the result of analysis of student achievement include: Effective Teaching Strategies, Classroom Management, Curriculum Alignment and Mapping, English Language Development, AVID, Thinking Maps, Positive Behavior Intervention Support, Social Emotional Learning, 21st Century Classroom Technology, Common Core State Standards, Next Generation Science Standards, Modeling Academic Language, Universal Design for Learning, and Parent Engagement. Staff members participate in professional learning in all-day workshops, after-school workshops and meetings, individual coaching/mentoring, and off-site conferences, both in person and virtually. The Induction program provides support to new teachers. The Peer Assistance and Review Program is available to provide support to teachers in the areas of content knowledge and teaching strategies. Currently, the District calendar includes a collaboration day schedule each week to allow for on-going teacher dialogue and collaboration to meet student needs.

While on Distance Learning, teachers and instructional staff engage in 90 minutes of Professional Learning every Monday. Topics have included but are not limited to: Safety, Using Technology to instruct and assess, making data driven decisions, Restorative Practices, student goal setting, and the core features and integrated services of the Multi-Tiered System of Supports (MTSS) framework.

Types of Services Funded

Pepper Tree receives funds to support its programs from:

Local Control Funding Formula/Local Control (LCFF/LCAP), district SITE funds, Student Activities Fund, Donations from Pepper Tree Parent Teacher Association and PTA. Donations from local community merchants and business organizations and Private donations from individuals are also utilized.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
