2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

The Upland Unified School District is located in Upland, California at the base of the San Gabriel Mountains. Our school district consists of a pre-school program housed at two sites, nine elementary schools, one TK-8 Science, Technology, Engineering, and Math (STEM) Academy, two junior high schools, one comprehensive high school, one alternative high school, and one adult education school. We serve a diverse group of students. Our student population is 10.3% English Learner and 57.2% are classified as Low Income, our LCFF Unduplicated count is 58.4% and 82.4% of our English Learner students speak Spanish, additional languages include Arabic, Indonesian, Mandarin, and Vietnamese. Our Student population is made up of many ethnicities with the 56.3% identifying as Hispanic Latino, 24.9% White, 8.0% African American, 5.2% Asian, and 5.6% made up of other ethnicities. The mission of our school district is as follows, "Upland Unified School District prepares and inspires all students to maximize their academic potential and to thrive in a complex global society."

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

This year's LCAP contains goals and actions designed to support our district transition to a Multi-Tiered System of Supports (MTSS) framework. As a Demonstration District for this initiative, we are partnering with the San Bernardino County Superintendent of Schools to implement MTSS and serve as a model for other districts. Our LCAP represents an alignment of initiatives and resources aimed at supporting

MTSS. To that end, we are continuing with our LCAP goals as follows:

1. Implement a Multi-Tiered System of Supports (MTSS) that aligns programs and services to meet the academic, social, emotional and physical needs of students
2. Ensure equitable access and use of innovative technology
3. Improve consistency and equity in teaching and rigorous learning experiences
4. Improve parent and community engagement

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Our focus on programs and services to meet the academic, social, emotional and physical needs of our students is reflected in various indicators. Our graduation rate is strong, with our homeless and African American students enjoying the largest year-over-year increases. Our college eligible "A-G" rate has nearly doubled over the past four years to almost 60%. Our emphasis on rigorous teaching and learning, our college going culture, the growth of programs like AVID, numerous field trips to various universities and colleges, and access to an abundance of programs in the visual and performing arts, career technical education, and athletics, help prepare our students for life beyond high school and allows them to leave our system with the knowledge and skills to choose from a variety of post-secondary options. Through our continued focus on developing Systems of Support, we've added both academic and social-emotional supports to ensure the success of all students, including low-income students, English learners, and foster youth.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Upland Unified School District's performance, based on data from the 2016/17 California Dashboard, is as follows:

Overall Performance: "Orange"

- English Learners
- Mathematics

Listed below is a summary of steps we will take to address these areas:

- To support English learners, we will continue to provide professional learning to support the successful implementation of the ELA/ELD adoption and the implementation of the ELA/ELD standards. We will continue to strengthen the site leaders' capacity to lead and support instructional practice that benefits English learners. We will continue to enhance assessment practices, including the addition of universal screeners and formative assessments, in order to diagnose language needs and monitor progress.
- To increase performance in mathematics, we will continue ongoing, job-embedded professional learning around mathematics that was initiated in 2017/18. Our teachers-on-assignment will focus on supporting teachers to shift instructional practice.

We will monitor performance for these and other indicators on a regular basis through our local data and assessment system and adjust practice based on feedback.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Based on data from the Fall 2017 California Dashboard, the following performance gaps exist:

- Students with Disabilities have a lower graduation rate and are performing lower in English language arts when compared to All Students' performance.
- Homeless, Foster Youth, and Pacific Islanders have higher suspension rates when compared to All Student performance.

Listed below is a summary of steps we will take to address these areas:

- To support Students with Disabilities to achieve a stronger graduation rate and performance in English language arts, we will expand access to general education coursework and continue to strengthen teachers' capacity to support students with disabilities with impactful instructional practices.
- To reduce suspension rates for Homeless, Foster Youth, and Pacific Islanders, we will implement a behavioral response system that includes "other means of correction". We also will continue to expand health/wellness supports for staff and families.

We will monitor performance for these and other indicators on a regular basis through our local data and assessment system and adjust practice based on feedback.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Increased or Improved Services

In order to support the needs of our low-income students, English learners, and foster youth, we will be engaging in the following initiatives:

- Continued implementation of a Multi-Tiered System of Supports (MTSS) that emphasizes quality first instruction, uses data to inform decision making and has appropriate supports and interventions for targeted student groups
- Improve consistency and equity in programs and services for targeted student groups with a focus on

research-based supports and interventions

-Provide additional supports and interventions to support identified student groups' access to rigorous teaching and learning, strategies to engage them in school, and opportunities to participate in robust enrichment programs in areas such as visual and performing arts, career technical education, and athletics.

Budget Summary

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION

AMOUNT

Total General Fund Budget Expenditures for LCAP Year

\$115,064,462

Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year

\$10,636,840

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

Upland Unified School District's LCAP does not describe all General Fund budget expenditures. The following are basic services not included in our LCAP:

- Cost of base program (e.g. staff salaries, benefits, curriculum, classroom consumables, basic supplies, etc.)
- Cost of overhead (e.g. utilities, supplies, etc.)
- Contributions to program not included in the LCAP (e.g. Adult Education funding, Career Technical Education Incentive Grant Funds)
- Mandatory contributions to routine maintenance
- Mandatory contributions to special education

DESCRIPTION

AMOUNT

Total Projected LCFF Revenues for LCAP Year

\$97,047,650

Annual Update

LCAP Year Reviewed: 2017-18

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Goal 1

Based upon academic performance, suspension and graduation data from the CA School Dashboard, implement a Multi-Tiered System of Supports (MTSS) that aligns programs and services to meet the academic, social, emotional, and physical needs of all students.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4, 5, 6, 7, 8

Local Priorities:

Annual Measurable Outcomes

Expected

Actual

Two schools, Upland Junior and Cabrillo Elementary, will begin exploration of the MTSS framework school wide.

Upland Unified School District will participate as a SUMS MTSS County Knowledge Demonstration District and support the implementation of Cabrillo Elementary and Upland Junior High School as MTSS Knowledge Development Schools.

Our two Knowledge Development Sites will be operational as MTSS schools with 5 additional schools beginning implementation.

Our remaining five schools will begin year one implementation of PBIS.

All school sites will implement Positive Behavior Interventions and Supports (PBIS) Systems.

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

Completed. Upland Junior and Cabrillo Elementary, began exploration of the MTSS framework school wide.

Upland Unified School District participated as a SUMS MTSS County Knowledge Demonstration District and support the implementation of Cabrillo Elementary and Upland Junior High School as MTSS Knowledge Development Schools.

Our two KDS sites became operational as MTSS schools. All schools received professional development to support their understanding of Multi-Tiered System of Supports (MTSS) and Universal Design for Learning.

Our remaining five schools completed year one PBIS training.

Nine school sites implemented Positive Behavior Interventions and Supports (PBIS) Systems. The remaining five schools will begin implementation in 2018/19.

All site Single Plans included goals to support implementation of the California State Standards.

Expected

There will be an annual increase in the number of students that graduate college and career ready as measured by the following metrics:

1. There will be a 10% increase annually in the number of students who graduate high school satisfying the A-G college entrance requirements.
2. There will be a 5% increase in the number of students writing at proficient levels as measured by local assessments.
3. There will be a 5% increase in students' college readiness as measured by EAP.
4. There will be a 5% increase in the number of students taking AP courses, associated AP exams, and passing with a score of "3" or better.
5. There will be a 5% increase in the number of students who enroll in and complete an academic pathway.

75% of graduating seniors will complete the Free Application for Federal Student Aid (FAFSA).

There will be a 10% increase in student performance as measured by key indicators on the California Physical Fitness Test.

Actual

1. The 2017 A-G completion rate was 55.1% district-wide, up from 46% in 2016.
2. Approximately 40% of students are writing at proficient levels as measured by local assessments at UHS, up from 37.3% in 2016/17.
3. In 2017 28.1% of students were conditionally ready or ready for college mathematics, compared to 29.9% in 2016 as measured by EAP. For ELA, 61.37% were conditionally ready or ready for college ELA in 2017 compared to 68.6% in 2016.
4. Regarding Advanced Placement, 640 students took at least one exam in 2017, compared to 562 in 2016; 761 exams had a passing score of 3 or better in 2017 compared to 674 in 2016.
5. CTE Pathway - In 2017/18 840 students enrolled in an academic pathway, up from 558 in 2017 and 375 in 2016. In 2017 89 students completed an academic pathway, down from 176 in 2016. Data for 2018 will be available in summer.

As of May 2018 FAFSA reporting, 589 out of 797 seniors (73.9%) have completed their FAFSA application.

Student performance increased at the following rates, as measured by key indicators on the 2017 California Physical Fitness Test.

- Grade 5, 50.6% (3.1% increase)
- Grade 7, 70.4% (5.1% increase)
- Grade 9, 59.3% (0.1% decrease)

Expected

District-wide Attendance Rate will be 97% or higher.

Graduation Rate, district wide and for all subgroups, will be 95% or higher.

District-wide Attendance Chronic Absenteeism Rate (students absent 10% of the school year or more) will decrease by 5%.

District-wide Suspension rate will decrease by 5%

Expulsion rate will remain at 0%.

Monitor and decrease by 1% the number of middle school dropouts.

Monitor and decrease by 1% the number of high school dropouts.

Actual

District-wide attendance is 96.22% as of February 2018.

2016-2017 District-wide cohort graduation rate is 92.4%.

The 16-17 District-wide Attendance Chronic Absenteeism Rate is 9.7%. This is the first rate to be published by CDE. Year-over-year comparisons will become available next year.

The 16-17 District-wide Suspension Rate was 2.5%, down from 4.3% in the 2015/16 school year. This reflects a 41.9% decrease.

The 2016/17 expulsion rate was 0.68%.

The 2016/17 Middle School Dropout Rate is 0.0626%, down from 0.25% in 2015/16.

The 2015/16 Cohort Dropout Rate was 5.1%. Data for 2016/17 is not yet available.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Provide professional development to teachers so that all students in grades K-2 will receive intensive reading intervention support.</p>	<p>Professional development was provided to all general education teachers regarding the new adopted instructional materials and Fountas and Pinnell reading assessment.</p>	<p>a) \$50,000 b) \$10,000 c) \$20,000 d) \$20,000</p> <p>a) LCFF b) LCFF c) LCFF d) LCFF</p> <p>a) Certificated Salaries b) Certificated Benefits c) Books / Supplies d) Other Services</p>	<p>a) \$65,619 b) \$20,716 c) \$2,816 d) \$11,839</p> <p>a) LCFF b) LCFF c) LCFF d) LCFF</p> <p>a) Certificated Salaries b) Benefits c) Books / Supplies d) Other Services</p>

Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
--------------------------	-------------------------	-----------------------	-------------------------------

Maintain Literacy Labs in all Title I schools.

Literacy Labs were maintained at all Title I schools. Funding for this Action was moved to site-based Title I.

- a) \$900,000
- b) \$100,000
- c) \$80,000
- d) \$20,000
- e) \$20,000

- d) Other Services

Action 6

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Provide adequate funding to support physical education, athletics participation, and student engagement through,

- Physical education instruction for all students in grades 1-6
- Enhancing and supporting the athletic programs at Upland High School
- Supporting our junior high and middle school programs' participation in our local athletic league
- Supporting Hillside High School's participation in our local alternative high school athletic league

Students in grades 1-6 had access to physical education instruction, 50% of which was provided by physical education specialists. Students at Upland High School, Hillside High School, Upland Junior High, and Pioneer Junior High had opportunities to participate in a variety of athletic programs.

- a) \$300,000
- b) \$60,000

Planned Actions/Services**Actual Actions/Services****Budgeted Expenditures****Estimated Actual Expenditures**

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and services in this goal were generally implemented as planned. We continued to make progress toward building a Multi-Tiered System of Supports for our students. Areas of continued need will be addressed in our 2018/19 LCAP.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions and services included in this goal area supported a number of positive outcomes, while some indicators remained flat or declined slightly. Highlights include the continued successful expansion of schools involved in MTSS and PBIS, a decreased suspension rate, an increased A-G rate, and an increase in the number of students taking and passing Advanced Placement exams.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actuals and budgeted expenditures were due primarily to differences in staffing expenditures, based upon particular employees filling a position, the number of subs used, or the hourly rate and number of hours. In some cases, there were unanticipated costs and/or instances, such as Action 2, in which anticipated costs were covered by a funding source not related to LCAP.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal will remain the same. However, we added the following actions and services for 2018/19 based upon data and feedback from stakeholder input:

-Begin implementation of an Integrated Framework for special education students which will ensure that students expected to receive a high school

diploma are receiving quality instruction in the general education setting for the majority of the day.

- Further develop partnerships with community based mental health providers in helping students and families access resources in the community.
- Provide secondary students with education and training to include: suicide prevention, substance abuse prevention, sexual health, and Crossroads pro-social behavior curriculum.

Goal 2

Based on stakeholder engagement including the Annual Update, ensure equitable access and use of innovative technology

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4

Local Priorities:

Annual Measurable Outcomes

Expected

The daily use of technology for instruction, lesson delivery and assessment will increase by 10% as measured by walkthrough, student survey, teacher survey, and system use report data.

Parent, student, and teacher use of school loop will increase by 5% as measured by school loop usage reports.

Actual

There were 20,385 active Google Users in 2017/18. Gmail for students has been activated for some grade levels at all sites: Elementary - 5th and 6th; Jr. High Schools and High Schools - All Grades.

As of January 31, 2018:

- 7,634,242 page views compared to 8,667,062 page views for the same period in 2017. This is a 12% decrease.
- 162 registered and active teacher websites compare to 165 in 2017. This represents no significant change.
- 3,517 registered students/households in 2018 compared to 3540 in 2017. This represents no significant change.

Expected

Facilities will be in good repair to support instruction, technology infrastructure, and use.

100% of our students will have daily access to technology for instructional purposes.

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

Actual

Facilities are in good repair to support instruction, technology infrastructure, and use, as evidenced by the Facilities Inspection Tool (FIT).

100% of our students have daily access to technology for instructional purposes. There were 13,494 Chromebooks and 453 iPads in use during the 2017/18 school year. There are 579 WiFi Access Points available to students and staff in our facilities.

The results on the Fall 2017 California Accountability Dashboard indicated a maintained or improved level in the following areas:

- Graduation Rate
- Suspension Rate

The results indicated a decrease in the following areas:

- English Learner Progress
- English Language Arts
- Mathematics

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Provide professional development and training in the use of instructional and assessment technology, including the use of Illuminate, School Loop, Google Apps for Education, other Learning Management Systems and collaboration via video conferencing (hangouts, etc.).

Professional development was provided to staff, including classified staff, on the use of Illuminate, School Loop, Google Apps for Education, other Learning Management Systems and collaboration.

- a) \$80,000
- b) \$25,000

Action 2

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Implement one-to-one devices at all sites (leading to take home options). Redistribute tech support and provide tech leads at all sites. Investigate and pilot furniture that would facilitate a collaboration and multiple seating/standing arrangements.

One-to-one devices were implemented at all sites, including a take-home pilot at all sites. There are tech leads at all sites. Some sites piloted furniture to facilitate collaboration and multiple-seating/standing arrangements.

- b) Certificated Benefits
- c) Classified Salaries
- d) Classified Benefits

There were no LCAP expenses related to this action. Expenses from this action were charged to other funding sources.

Action 3

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Increase online resources and access to technology for ALL students at ALL sites to include,

- Assistive Technology for Special Education Students
- Piloting of new technology (Virtual Reality, Spyros...)
- Resources for technology skills development (basic knowledge of devices, typing skills, programs and applications...)

This action increased online resources and access to technology:

- Assistive Technology is available for special educations. The action will continue to explore additional options and expanded use.
- New technology was implemented, including Spheros and Google Expedition kits.
- Resources are shared at Tech Leads' meeting to increase technology skills development for students and staff, for example: new adoptions have technology components, typing program is available to sites.

Planned Actions/Services**Actual Actions/Services****Budgeted Expenditures****Estimated Actual Expenditures**

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of actions and services for this goal was very high. Our adherence to the actions and services in this goal led to continued equitable access to and innovative use of technology.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Evidence of implementation affirms that the actions and services in this goal led to an increase in access and use of technology.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actuals and budgeted expenditures were due primarily to the use of funding sources not related to LCAP.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes to this goal will take place. We will continue to use this goal to enhance and improve our use of technology throughout the district.

Goal 3

Based upon academic performance, suspension and graduation data from the CA School Dashboard, improve consistency and equity in teaching and rigorous learning experiences

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, 7

Local Priorities:

Annual Measurable Outcomes

Expected

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

Actual

Each site developed instructional goals to support implementation of new state standards and included them in their Single Plans for Student Achievement.

Expected

All teachers, paraprofessionals, and administrators will attend at least four professional development opportunities in the areas of curriculum, instruction, and assessment.

All classroom teachers will use standards aligned curriculum, identify and implement appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, and English Learner students.

Actual

All UUSD staff participated in Upland University sessions in October 2017, and some staff participated in professional development opportunities at the site and district level throughout the year. We did not have a system in place to assemble data in order to monitor the number of professional development opportunities in which each staff member participated over the course of the year. We developed a partnership with SBCSS to use their Organization Management System to do this in 2018/19.

Classroom teachers used standards aligned curriculum. Walkthroughs indicate that many staff identified and implemented appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, and English Learner students. Overall achievement in English language arts and mathematics based on the California Accountability Dashboard, as well as specific data for English learners, indicates a need for continued professional learning in this area.

Expected

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

Academic Performance Index is currently suspended.

100% of our teaching staff will be highly qualified and appropriately assigned.

Actual

The results on the Fall 2017 California Accountability Dashboard indicated a maintained or improved level in the following areas:

- Graduation Rate
- Suspension Rate

The results indicated a decrease in the following areas:

- English Learner Progress
- English Language Arts
- Mathematics

Academic Performance Index is currently suspended.

100% of our teaching staff is highly qualified and appropriately assigned.

Expected

We will meet or exceed all AMAOs for EL English Proficiency and Reclassification.

Actual

California transitioned from the CELDT to the ELPAC to measure English Proficiency. AMAO's have been replaced by the California School Dashboard. Dashboard results are listed below.

-15-16 CELDT Takers (Initials and Annual) 1,304

-16-17 CELDT Takers (Initials and Annual) 1,202

-192 Students were redesignated in 15-16

-227 students were redesignated in 16-17

The California School Dashboard provides an English Learner Progress Indicator. It shows the percent of English Learners who made progress towards English proficiency:

-In 2015, 72.8% of ELs made progress towards proficiency.

-In 2016, 77.9% of ELs made progress towards proficiency.

-In 2017, 74.2% of ELs made progress towards proficiency.

Expected

There will be an annual increase in the number of students that graduate college and career ready as measured by the following metrics:

1. There will be a 10% increase annually in the number of students who graduate high school satisfying the A-G college entrance requirements.
2. There will be a 5% increase in the number of students writing at proficient levels as measured by local assessments.
3. There will be a 5% increase in students' college readiness as measured by EAP.
4. There will be a 5% increase in the number of students taking AP courses, associated AP exams, and passing with a score of "3" or better.
5. There will be a 5% increase in the number of students who enroll in and complete an academic pathway.

Actual

1. The 2017 A-G completion rate was 55.1% district-wide, up from 46% in 2016.
2. Approximately 40% of students are writing at proficient levels as measured by local assessments at UHS, up from 37.3% in 2016/17.
3. In 2017 28.1% of students were conditionally ready or ready for college mathematics, compared to 29.9% in 2016 as measured by EAP. For ELA, 61.37% were conditionally ready or ready for college ELA in 2017 compared to 68.6% in 2016.
4. Regarding Advanced Placement, 640 students took at least one exam in 2017, compared to 562 in 2016; 761 exams had a passing score of 3 or better in 2017 compared to 674 in 2016.
5. CTE Pathway - In 2017/18 840 students enrolled in an academic pathway, up from 558 in 2017 and 375 in 2016. In 2017 89 students completed an academic pathway, down from 176 in 2016. Data for 2018 will be available in summer.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
---------------------------------	--------------------------------	------------------------------	--------------------------------------

Provide professional development to teachers so that all students in grades K-2 will receive intensive reading intervention support.

Professional development was provided to all general education teachers regarding the new adopted instructional materials and Fountas and Pinnell reading assessment.

Action 5

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

For Low Income, Foster Youth, Special Education and English Learners: Provide additional supports for,

- Diagnostic tools to identify reading, writing, and math proficiency levels
- Writing instruction through Literacy Labs and other supports
- MTSS supports at each site
- Refine the SST process at all sites
- Instructional round and peer observation protocols
- Reading intervention program at secondary sites

Fountas and Pinnell, a diagnostic tool to identify reading proficiency levels, was implemented. Writing instruction was a focus in Literacy Labs. Sites began exploring MTSS supports and this will continue to expand. Reading intervention programs such as Achieve 3000 were used at secondary sites.

Action 13

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Research and implement programs and services to support College and Career readiness to include,

- A district-wide articulated PreK-12 STEM program
- Increasing Career Technical Education (CTE) opportunities for grade 7-12 students
- Increasing Academy (Career Pathway) offerings at our high schools including but not limited to the Media, Arts, Entertainment, PLTW, Health, Engineering, Architecture, and Computer Science at our high schools
- Additional supports for English Learner, Low Income, Foster Youth, Homeless, and Special Education students.

Opportunities and offerings for CTE and Career Pathway offerings were enhanced. Secondary Career Pathway teachers, as well as teachers from other sites, participated in professional development to develop their capacity to implement Project Based Learning. Teachers from several sites visited innovative schools with notable practices related to STEM and CTE to enhance programs and services at their sites.

Planned Actions/Services**Actual Actions/Services****Budgeted Expenditures****Estimated Actual Expenditures**

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of the actions and services for this goal was high, with a few actions being partially met. As noted in the narratives and the data, we made progress in a number of areas related to the actions and services outlined in this goal. Areas of continued need will be continued or enhanced in our 2018/19 LCAP.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As evidenced in the narratives and the data, the actions and services had an impact on rigorous teaching and learning. Based upon initial indications from the 2018 CAASPP administration, we expect our overall ELA and mathematics performance to remain at the same level as the previous year. Our A-G rates, Advanced Placement participation and assessment rates, and participation in AVID have increased over the past two years.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actuals and budgeted expenditures were due primarily to differences in staffing expenditures, based upon particular employees filling a position, the number of subs, or hourly rate and number of hours. In addition, there were unanticipated costs and/or instances, such as Action 11, in which anticipated costs were covered by funding sources not related to LCAP.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal will remain the same in 2018/19. In response to data and stakeholder feedback, we made the following modifications:
-We modified an action to include students at all grade levels needing reading support. The original action was limited to grades K-2.

-We will expand case management for Foster Youth, and expand this service to include support for Homeless students.

In addition, we added the following actions to the 2018/19 LCAP:

-We will support the adoption of new History-Social Science materials in grades 7-12.

-We will support the implementation of the Next Generation Science Standards.

-We will develop a comprehensive system to monitor student performance and inform instructional practice.

-Certificated and classified staff will receive two days of professional development that supports the achievement of students.

-We will provide transportation to unduplicated pupils.

Goal 4

Based on stakeholder engagement including the Annual Update, design a system for meaningful family engagement that promotes parent involvement and education through parent institutes, committees, workshops, attendance at school events, and volunteering at schools

State and/or Local Priorities addressed by this goal:

State Priorities: 3

Local Priorities:

Annual Measurable Outcomes

Expected

The number of opportunities for parents to meaningfully engage in school events will increase by 10% and will include opportunities to seek parent input.

All schools will include a parental involvement goal in their Single Plans for Student Achievement.

Actual

This is the first year that we collected data on this outcome. In 2017/18:
-There was an average of 44 site based activities that parents had the opportunity to participate in.
-There was an average of 21 opportunities for parents to provide input.

All schools included a parental involvement goal in their Single Plans for Student Achievement.

Expected

All schools will present at least two parent education courses per semester.

Actual

Nine (9) schools that provided at least one (1) parent education course for the 2017-2018 school year.

Actions/Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services

Provide parent workshops on the use of technology to support student achievement including School Loop and other Learning Management Systems.

Actual Actions/Services

Nine (9) sites provided parent training and exposed parents to the use of technology during that training. There were no specific workshops for parents on the use of technology.

Budgeted Expenditures

- a) \$25,000
- b) \$5,000
- c) \$20,000

- a) LCFF
- b) LCFF
- c) LCFF

- a) Certificated Salaries
- b) Certificated Benefits
- c) Books / Supplies

Estimated Actual Expenditures

There were no expenses related to this Action.

Action 2

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Provide all school sites with School Loop and/or Aeries parent portal.

All school sites have School Loop and/or Aeries Parent Portal.

Action 4

Planned Actions/Services

Actual Actions/Services

Budgeted Expenditures

Estimated Actual Expenditures

Research best practices and implement a program to,

- Support more parent involvement using the California Parent Engagement Framework
- Flexible, extended hours, and virtual availability of school libraries, counseling departments, and offices
- Surveying parent needs and interests
- Flexible scheduling of parent events, workshops, and trainings

We surveyed parents November 2017 on needs and interests and we received over 700 responses. A Parent Passport was established to formalize parent participation and engagement. We researched workshops, trainings, institutes, such as the Parent Institute for Quality Education (PIQE). We provided County Workshop series to all interested parents.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Implementation of the actions in this goal varied. Actions will be continued in the 2018/19 LCAP.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of this goal reflects both strengths and areas for growth. We engaged in intentional actions to increase parent involvement, such as the parent passport, and there were a number of parents who gave significant time to the schools as a result. As reflected in the narrative and expenditures, many actions were implemented partially or were not implemented. In addition, the results of the parent survey distributed in November indicated that 84% agreed or strongly agreed that their child's school is very good about staying in touch and 82% agreed or strongly agreed that there are many different ways they can be involved with the school. In addition, 51% agreed or strongly agreed that the school provides them and their families a variety of ways to be involved in school improvement planning and decision-making at my child's school. However, only 36% agreed or strongly agreed that the district provides them and their families with a variety of ways to be involved in school improvement planning and decision-making for all the schools within the district.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actuals and budgeted expenditures were due primarily to actions being partially implemented or because the expenses for this action were covered by a funding source not related to LCAP.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal and related actions and services will continue in 2018/19.

Stakeholder Engagement

LCAP Year: 2018-19

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Upland Unified School District's goal is to provide parents, community members, staff and students input in the development and review of the LCAP goals. Input and Information sessions were held on several occasions as referenced below.

Upland Unified convenes strategic planning sessions to guide the strategic work of our district as a whole, as well as specific sites and programs. The feedback and input presented by the varied stakeholders informs our year-long objectives, as well as our district-wide strategic plan and Local Control Accountability Plan. The following sessions occurred this year:

- August 14, 2017 - District
- August 15, 2017 - Special Education
- August 31, 2017 – Foothill Knolls
- September 14, 2017 - Upland High
- May 16, 2018 - Upland High
- May 24, 2018 – Student Support Services
- June 11, 2018 - Foothill Knolls
- June 12, 2018 - Special Education

Upland assembled an LCAP Advisory Committee that oversees the development of the LCAP. The group consists of various stakeholder groups including students, parents (including EL, foster youth, homeless, and low income representatives), community members, teachers, support staff, principals and other administrators. LCAP Advisory Committee meeting were held on the following dates:

- March 1, 2018
- May 30, 2018

On March 1, 2018, the LCAP Advisory Committee met to review the progress made on LCAP goals in 2017/18 school year, learn about planned next steps, and provide input regarding 2018/19 actions and services. The group also reviewed the agenda and outcomes of the the Community Forum, which took place on April 19, 2018. The LCAP Advisory Committee met again May 30, 2018, to review the revised LCAP.

In an effort to continue to increase stakeholder participation in the annual Local Control Accountability Plan (LCAP) process, our district hosted an LCAP Community Forum on Thursday, April 19, 2018, from 5:30 p.m. - 8:00 p.m. One hundred ten (110) stakeholders attended our interactive community forum. Participants included students, parents, classified/certificated/administrative staff members, and community members. We had representation from all student/parent groups including foster youth, homeless, English learner, low-income and special education. This year we asked each site/department to invite at least one student (grades 6-12), one parent, one classified staff member, one certificated staff member, and one administrator to take part in the Community Forum. Participants were presented with an overview of the progress made on each of our goals and proposed next steps. Participants also reviewed proposed actions and services, including those using federal funds (Titles I, II, and III). Following each presentation, participants were invited to fill out an online LCAP Feedback survey.

The online survey was also available to all community members on the UUSD website. A link was distributed to parents of Upland Unified students via email.

The final LCAP Draft was shared with the Upland Unified School Board on June 26, 2018, and made available for public comment at that time. Any and all questions were responded to in writing. Our LCAP was formally presented to our Board and approved June 28, 2018.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Feedback and input from various stakeholder engagement opportunities contributed to the addition and refinement of goals in the following areas:

- A continued emphasis on wellness, with a Wellness Center pilot, an additional behavioral health therapist to expand counseling services, a community resource worker to expand family outreach, and an increased partnership with mental health and medical providers
- Increased support for foster and homeless youth resulting in a half time case manager to respond to students' needs

- A continued focus on Positive Behavioral Interventions and Supports including the addition of a data tool to guide decisions and monitor impact
- Continued support for innovative technology, such as Google Expedition kits
- Expansion of professional learning to support the improvement of instructional practice, with continued support for recent instructional materials adoptions, and additional support in mathematics and science
- Continued professional learning for general and special education teachers to ensure that students with disabilities are provided access to general education courses
- A summer mathematics enrichment camp to build students' mathematical thinking and improve instructional practice
- Diagnostic and screening assessments to measure students' needs in literacy
- Continued support for the AVID program and its impact on students' ability to enroll and succeed in post-secondary education
- Focused training for parents, particularly in supporting their children to excel academically

Goals, Actions, & Services

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Modified

Goal 1

Based upon academic performance, suspension and graduation data from the CA School Dashboard, implement a Multi-Tiered System of Supports (MTSS) that aligns programs and services to meet the academic, social, emotional, and physical needs of all students.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4, 5, 6, 7, 8

Local Priorities:

Identified Need:

There is a need for additional supports to students in order to support their academic, physical and affective needs.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
Upland Unified School District will participate as a SUMS MTSS County Knowledge Demonstration District and support the implementation of Cabrillo Elementary and Upland Junior High School as MTSS Knowledge Development Schools.	No Upland schools have MTSS in place.	Two schools, Upland Junior and Cabrillo Elementary, will begin exploration of the MTSS framework school wide.	MTSS frameworks will have been implemented at two schools with an additional six Upland School sites beginning the exploration phase.	Our last cohort of six schools will begin exploration of MTSS frameworks school wide.

Metrics/Indicators

Baseline

2017-18

2018-19

2019-20

All staff will receive professional development to support their understanding of Multi-Tiered System of Supports (MTSS) and Universal Design for Learning.

Two of our schools are MTSS Knowledge Development Sites and a district team supports their implementation of the framework

Our two KDS sites will be operational as MTSS schools with 5 additional schools beginning implementation.

Seven sites will be operational as MTSS schools with 4 additional schools beginning implementation.

Eleven sites will be operational as MTSS schools with 3 additional schools beginning implementation.

All school sites will implement Positive Behavior Interventions and Supports (PBIS) Systems.

Three schools sites are in year two of PBIS implementation and six school sites are in year one of PBIS implementation.

Our remaining five schools will begin year one implementation of PBIS.

All 14 school sites will be fully immersed in PBIS.

All 14 schools will have implemented PBIS with fidelity.

Metrics/Indicators

Goal 2

Based on stakeholder engagement including the Annual Update, ensure equitable access and use of innovative technology

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4

Local Priorities:

Identified Need:

There is a need to increase student engagement and access to learning through the use of technology.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
--------------------	----------	---------	---------	---------

The daily use of technology for instruction; lesson delivery and assessment, will increase by 10% as measured by walkthrough, student survey, teacher survey, and system use report data.

Our district is now one to one with Chromebook devices in all grades. As of March 1, 2017, we have 12,563 active Google users. We have also begun to open Google Mail to students. This represents a significant increase in usage over 2015-2016.

The daily use of technology for instruction; lesson delivery and assessment, will increase by 10% as measured by walkthrough, student survey, teacher survey, and system use report data.

The daily use of technology for instruction; lesson delivery and assessment, will increase by 10% as measured by walkthrough, student survey, teacher survey, and system use report data.

The daily use of technology for instruction; lesson delivery and assessment, will increase by 10% as measured by walkthrough, student survey, teacher survey, and system use report data.

Parent, student, and teacher use of school loop will increase by 5% as measured by school loop usage reports.

School Loop data as of January 31, 2017 is as follows,

- 8,667,062 page views compared to 8,287,786 page views for the same period in 2016. This is a 4.5% increase.
- 165 registered and active teacher websites compare to 161 in 2016. This represents a 2.5% increase.
- 3,540 registered students/households in 2017 compared to 3564 in 2016. This represents no significant change.

Parent, student, and teacher use of school loop will increase by 5% as measured by school loop usage reports.

Parent, student, and teacher use of school loop will increase by 5% as measured by school loop usage reports.

Parent, student, and teacher use of school loop will increase by 5% as measured by school loop usage reports.

Facilities will be in good repair to support instruction, technology infrastructure, and use.

Facilities are in good repair as measured by SARC Facilities inspection. We continue to make upgrades to district technology to support Future Ready initiative.

Facilities will be in good repair to support instruction, technology infrastructure, and use.

Facilities will be in good repair to support instruction, technology infrastructure, and use.

Facilities will be in good repair to support instruction, technology infrastructure, and use.

100% of our students will have daily access to technology for instructional purposes, including for the purpose of implementing the CCSS for all students, including EL.

All of our students have daily access to technology.

100% of our students will have daily access to technology for instructional purposes.

100% of our students will have daily access to technology for instructional purposes.

100% of our students will have daily access to technology for instructional purposes.

District (and school site) performance in areas related to student achievement will increase by at least one level on the California Accountability Dashboard.

District performance based on Accountability Dashboard is as follows:

- English Learner Progress – Yellow
- English Language Arts – Green
- Mathematics - Yellow

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

Goal 3

Based upon academic performance, suspension and graduation data from the CA School Dashboard, improve consistency and equity in teaching and rigorous learning experiences

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, 7

Local Priorities:

Identified Need:

There is a need to ensure that all students district wide receive the same quality level learning experiences and that we provide individualized equitable support for students.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
--------------------	----------	---------	---------	---------

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

All site Single Plans included goals to support implementation of our new state standards.

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

Each site will develop instructional goals to support implementation of new state standards to be included in their Single Plans for Student Achievement.

All teachers, paraprofessionals, and administrators will attend at least four professional development opportunities in the areas of curriculum, instruction, and assessment.

All district staff were provided multiple opportunities to attend site, district, and or external professional learning.

All teachers, paraprofessionals, and administrators will attend at least four professional development opportunities in the areas of curriculum, instruction, and assessment.

All teachers, paraprofessionals, and administrators will attend at least four professional development opportunities in the areas of curriculum, instruction, and assessment.

All teachers, paraprofessionals, and administrators will attend at least four professional development opportunities in the areas of curriculum, instruction, and assessment.

All classroom teachers will use standards aligned curriculum, identify and implement appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, English Learner, and Special Education students.

Teachers in UUSD use standards aligned curriculum and ancillary resources. We are currently working to implement a Multi-Tiered System of Supports district-wide that will incorporate supports and interventions for unduplicated students.

All classroom teachers will use standards aligned curriculum, identify and implement appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, and English Learner students.

All classroom teachers will use standards aligned curriculum, identify and implement appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, and English Learner students.

All classroom teachers will use standards aligned curriculum, identify and implement appropriate instructional supports and interventions aimed at addressing the needs of Foster Youth, Low Income, and English Learner students.

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

District performance based on Accountability Dashboard is as follows:

- Suspension Rate – Green
- English Learner Progress – Yellow
- Graduation Rate – Yellow
- English Language Arts – Green
- Mathematics - Yellow

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

District (and school site) performance in all areas will increase by at least one level on the California Accountability Dashboard.

period from the current

ESEA to the ESSA, no new AMAO determinations will be made for the 2014–15, 2015–16, and 2016–17 school years

There will be an annual increase in the number of students that graduate college and career ready as measured by the following metrics:

1. There will be a 10% increase annually in the number of students who graduate high school satisfying the A-G college entrance requirements.
2. There will be a 5% increase in the number of students writing at proficient levels as measured

Outcomes are as follows,

1. Our district projected A-G rate for the class of 2016 is 46%. That is an increase of more than 10% from 2015 which stood at 35.8%.
2. Local assessments were modified for this year and the data to assess this metric will be available next year. CAASPP results demonstrate an increase in writing scores district wide with 76% of our students scoring near or above standards. This is a 3% increase over 2015 (73%).
3. In 2016, 29.9% of students were conditionally ready or

There will be an annual increase in the number of students that graduate college and career ready as measured by the following metrics:

1. There will be a 10% increase annually in the number of students who graduate high school satisfying the A-G college entrance requirements.
2. There will be a 5% increase in the number of students writing at proficient levels as measured by local assessments.
3. There will be a 5% increase in students' college readiness as measured by EAP.

There will be an annual increase in the number of students that graduate college and career ready as measured by the following metrics:

1. There will be a 10% increase annually in the number of students who graduate high school satisfying the A-G college entrance requirements.
2. There will be a 5% increase in the number of students writing at proficient levels as measured by local assessments.
3. There will be a 5% increase in students' college readiness as measured by EAP.

Goal 4

Based on stakeholder engagement including the Annual Update , design a system for meaningful family engagement that promotes parent involvement and education through parent institutes, committees, workshops, attendance at school events, and volunteering at schools

State and/or Local Priorities addressed by this goal:

State Priorities: 3

Local Priorities:

Identified Need:

There is a need for a formalized parent engagement framework that promotes meaningfully community participation in our schools.

Expected Annual Measureable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
--------------------	----------	---------	---------	---------

The number of opportunities for parents to meaningfully engage in school events will increase by 10% and will include opportunities to seek parent input.

Opportunities for parents to meaningfully engage in learning increased this year. In 2016-2017, 199 number of student opportunities were provided to parents compared to 164 in 2015-2016.

The number of opportunities for parents to meaningfully engage in school events will increase by 10% and will include opportunities to seek parent input.

The number of opportunities for parents to meaningfully engage in school events will increase by 10% and will include opportunities to seek parent input.

The number of opportunities for parents to meaningfully engage in school events will increase by 10% and will include opportunities to seek parent input.

All schools will include a parental involvement goal in their Single Plans for Student Achievement.

All schools have a parental involvement goal/action in their Single Plans.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

\$8,819,646

Percentage to Increase or Improve Services

10.44%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

Upland Unified School District is utilizing LCFF supplemental funds to improve student achievement that principally meets the needs of low income, EL and foster youth at the school sites as all requests in expending funds go through an approval process through the Ed Services office in ensuring that funds are spent to benefit these subgroups of students.

Further, funds expended at the district level will be used in the following ways which is in response from the Community/Stakeholder Engagement survey as well as research based:

- Implementation of a Multi-Tiered System of Supports (MTSS) that has quality first instruction, uses data to inform decision making, and has appropriate supports and interventions for targeted student groups
- Improve consistency and equity in programs and services for targeted subgroups with a focus on research based supports and interventions
- Provide additional supports and interventions to support identified subgroups access and understanding of content, strategies to engage students in

school, and enrichment opportunities such as Career Technical Education

Based on supporting research, experience, and educational theory, the Upland Unified School District has determined these actions described in the LCAP are the most effective use of funds to meet the District's goals for unduplicated pupils and has established processes to ensure that supplemental funds are utilized in a manner which benefits the intended student subgroups.

Specific actions and services designed to improve student achievement that principally meets the needs of low income, EL and foster youth include:

-Provide additional support for Low Income, Foster Youth, English Learners, and Special Education students in reading.

-Provide sites with adequate funding to ensure that Integrated/Designated ELD instruction is consistent with the ELA/ELD Framework, the EL Master Plan, and part of every school's Single Plan for Student Achievement.

-Provide additional intervention support during and beyond the school day, week, and year for struggling English Learner, Foster Youth, Low Income, and Special Education students in Reading, Writing, Algebra and Geometry.

For Low Income, Foster Youth, Special Education and English Learners: Provide additional supports for:

o Diagnostic tools to identify reading, writing, and math proficiency levels

o Writing instruction through Literacy Labs and other supports

o MTSS supports at each site

o Refine the SST process at all sites

o Instructional round and peer observation protocols

o Reading intervention program at secondary sites

o Maintain the Foster Youth Case Manager to support our Foster Youth students.

o Research, identify, and provide parent workshops, academies, and training on how to support student achievement.

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

\$10,186,840

Percentage to Increase or Improve Services

11.78%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

Upland Unified School District is using the LCFF supplemental funds to improve student achievement in order to meet the needs of low-income students, English learners, and Foster Youth. All requests for fund expenditure at the site level go through an approval process that includes the Educational Services office in order to ensure that funds are spent to benefit these specific groups of students.

Further, funds expended at the district level will be used in the following ways, which is in response to research about best practices, current data about the district's performance across a number of indicators, and stakeholder input via a Community Forum, Community Survey and various gatherings.

- Implementation of a Multi-Tiered System of Supports (MTSS) that has quality first instruction, uses data to inform decision making, and has appropriate supports and interventions for targeted student groups

- Improve consistency and equity in programs and services for targeted groups with a focus on research-based supports and interventions

- Provide additional supports and interventions to support identified student groups access to and understanding of content, strategies to engage students in school, as well as enrichment opportunities

Based on supporting research, experience, and educational theory, the Upland Unified School District has determined that these actions described in the LCAP are the most effective use of funds to meet the district's goals for unduplicated pupils and has established processes to ensure that supplemental funds are utilized in a manner that benefits the intended student groups.
