

EDGEWOOD CAMPUS SCHOOL

Safety & Traffic Flow - Drop-off & Pick-up

Please drop-off and pick up your elementary student in the circle drive. To keep a smooth flow and remain safe, pull as far forward as possible without going around another vehicle. Safety patrol students will help your children get out of your car. Do not leave your car unattended in this area. The main parking lot should be used if you have business to attend to in the Campus School.

We have very few parking spaces in our parking lot. In the morning, the school is open by 7:15 a.m. and children are welcome inside. Do not sit in the parking lot with your child until the bell rings. The spaces are needed for parents who have to come into the school on business (pay bills, conference with teachers, etc.) and spaces must be available for teachers too.

Please review the rules about end of the school day pick up procedure. To avoid accidents and expedite the process of putting children in their cars, please:

1. Wait patiently in the pick up line and follow the teachers' directions when they ask you to move up in the circle. As much as possible, pull up as far as you can to the end of the circle as indicated by the signs.
2. Wait until the cars ahead of you pull out. Do not try to pull around them. This is dangerous.
3. **Do not park in the parking lot and wait for your children to come to you instead of** waiting for them in the pick-up line. It is dangerous to allow your children to walk to you in the parking lot.
4. Do not double park or park in the turn around spaces in the parking lot. Other cars try to maneuver around you. This is how fender benders happen.
5. Do not park your car in the pick up line and come in the school to pick up your children. This forces cars to pull around your parked car, endangering students.

Teachers are willing to guide your children to their cars in a safe fashion. We have about 175 students dismissing from Campus School at the same time. If everyone follows the procedure, we can keep our children safe. Thank you for your cooperation.

Traffic Information

THE MAIN ENTRANCES TO THE CAMPUS ARE ON MONROE STREET

If you are dropping your students off only at the Campus School building please use the entrance on Monroe Street where there is a traffic light.

Grade 6-7-8 students who do not have siblings in the Campus School may be dropped off and picked up in front of Edgewood High School. Use the entrance from Monroe Street (NOT the one with the traffic lights) and use the circle drive. Siblings of middle schoolers who are in grades 4-5 may also be dropped off and picked up in the same area. They will then need to walk around the side of the

building and down to the Campus School.

The entrance off of Edgewood Avenue is for high school and middle school staff only. This may not be used as the drop off/pick-up entrance for middle school children, nor can you drop your elementary students there and have them walk down the hill to the campus school. None of the High School parking lots or lots by the College dorm or in front of the Edgedome are to be used by Campus School families.

There is a total campus plan for traffic that all three institutions have agreed to along with the neighborhood association, Let us please be respectful of these rules and drive slowly and carefully to assure safety for everyone. PLEASE BE SURE TO MAKE A COMPLETE STOP AT THE STOP SIGNS GOING IN AND OUT OF THE CAMPUS. Thank you.
