

## Future Residents

In some cases, families would like their children to attend school in Ridgefield prior to the closing of their new Ridgefield property. This may be allowed under certain circumstances stated below and as pursuant to BOE policy #5117.1:

Future residents are to provide a contract of purchase with closing date or a dated rental agreement. This contract/agreement must be signed and dated by both parties.

Future residents must apply for admission in writing (via email) to the superintendent's office. The email should include information such as closing date, reason for late closing, temporary address until property closing, student's names, birth dates, school grade, and anticipated district school. Additional information or documentation may be requested by the registration office or superintendent's office.

Future closing date/agreement date must be within 45 days of application to the superintendent. Closings after 45 days of request may incur the payment of out-of-district tuition.
