**East Catholic High School Mission Statement**

East Catholic High School is a regional college-preparatory school of the Archdiocese of Hartford. Building on Catholic Tradition and teaching, and inspired by the charism of the Sisters of Notre Dame de Namur, we educate young men and women according to the Gospel and life of Jesus Christ. We seek to develop the whole person and to prepare students to become lifelong learners and responsible citizens with a strong moral foundation, an appreciation for diversity, and a dedication to service, justice and peace.

**LMC/ Media Center Mission Statement**

The Mission of East Catholic High School Library/Media Center (LMC) is to foster the effective use of information and ideas among students and faculty. The LMC provides the school community with resources and services to support the curriculum, to stimulate interest in reading, to create lifelong learners and to promote the mission of the school.

**Statement of Purpose**

The purpose of this plan is to formulate the process by which the LMC mission will be accomplished. This includes focusing on continual training and development of LMC staff. The LMC staff will assess the current LMC needs, collaborate with teachers to address those needs, and provide access and resources to faculty and students in order to promote a love of learning. The LMC seeks to meet or exceed the AASL (American Association of School Librarians) Standards for the 21st Century Learner.

**Description of the LMC/Media Center**

As part of a prior capital campaign, the East Catholic High School LMC was renovated in 2001. The facility is made up of 4 areas. The main room has seating for 28 students at 7 round tables with 13 computers for student use. It also contains a photocopier/digital printer for student use. A computer online learning room is located in a smaller room in the Library and has a ceiling-mounted projector, wall-mounted screen, and 12 desktop computers. A portable cart equipped with 25 wireless laptops for use in classrooms is stored here. The Library Computer Lab has 25 desktop computers and a ceiling-mounted projector. The LMC also has a laminator, and fax machine. The Library Teacher Area is set up for tutoring and is a place where students can receive one-on-one attention from teachers should they need any additional help.
CURRENT LMC STATUS FOR 2016-2021

A technology-based learning environment has been developed in the LMC.

- The main library area is equipped with 13 computers and a printer/copier.
- Laptop cart with 25 laptops and a printer
- Computer Lab has 25 desktop computers with projection.
- Online learning center has 12 desktop computers with projection.

Student and Staff use the LMC facilities to further educational goals.

- Teachers use print and non-print materials in classroom instruction.
- Teachers bring classes to the LMC to conduct research and utilize the computer labs.
- Students can quietly study or do research in a welcoming environment.
- Students have access to online learning center for independent study.

Update/Rewrite LMC Plan and LMC Mission Statement

- Contact both public and private schools to review their current plan to identify best practices
- Collect resources necessary to write the plan.
- Create a committee to finalize a formal LMC plan.
- Share LMC Plan with school community.

Scan all LMC inventory

- Entire inventory was scanned and input into the LMC’s Follett software system in June 2016 and is scanned biennially.
- Assess the inventory data and conduct a needs assessment for print, non-print materials and equipment.
- Needs Assessment will be utilized to update LMC collection.

Long Term Planning Budget 2016-2021

The LMC has an annual budget for updating and acquiring print, non-print materials, supplies and equipment.

Within the next five years, the LMC will need to purchase new computers to replace older technology, acquire new materials to enhance collection, and purchase access to on-line training courses for professional development.
AASL Standards for the 21st Century Learner:
