

Ways Peer Ministers Serve

Students in Campus Ministry help nourish the spirituality of ECHS at many levels:

Prayer

Third period prayer, a weekly commitment by Peer Ministers and students in Christian Leadership and Seminar classes.

Liturgy

Peer Ministers are involved in various aspects of the liturgy.

Art and Environment

We encourage students with artistic ability to use their talent to beautify the worship spaces. They create highly-visible bulletin boards in key areas of the school as reminders of God's presence in our lives.

Leadership and Joyful Service

Peer Ministers help plan and prepare the details of freshman and sophomore retreats. Underclassmen benefit from the variety of skills within the Campus Ministry team. They visibly demonstrate their leadership skills on the days of retreat when students lead discussions and activity groups, give talks, or share their musical or acting abilities. Peer Ministers are motivated by a desire to serve God joyfully within their peer community, which is their mission.
