

Dear Red Rock Elementary Community,

It is hard to believe that our school year has concluded. I am incredibly proud of the resiliency everyone involved has shown, as we transitioned to remote learning for the last two months due to the COVID-19 pandemic. While not everything has been perfect, I know every decision was made with the best of intentions and focused on the safety of our students, staff and community.

As we look ahead to the 2020-2021 school year, we are in the process of putting a number of things into place. School districts throughout the state are waiting for additional guidance from the Arizona Department of Education and state and local health authorities. As of now, Red Rock Elementary is planning for three different scenarios: in-person instruction, remote learning, and a combination/hybrid of the two.

We recognize that these are still uncertain times and uncharted waters with many unknowns and considerations. However, the planning process is underway and together we will be ready. Please know that all decisions our school district will make moving forward will be largely based on the safety of our students and staff. It is important that as a community we continue to work together.

Please stay safe and have a wonderful summer!
