

# Red Rock Elementary School District No. 5

“Striving for Excellence...Everything Counts!”

Parents and Guardians of Red Rock Students,

In order to provide safe, dependable, and efficient transportation for our students, Red Rock Elementary School District has one operating bus route, **Missile Base Route**. Several changes were made to the bus route to ensure safety and effectiveness. Please review the route carefully to ensure the correct bus stop location for your child and the pickup/drop off times. It is important to be at least 5 minutes early to the bus stop. During the first week of school, pick up and drop off times may vary slightly as the route is established. Your patience is appreciated. Below are the links to the bus routes.

## [Missile Base Route](#)

The safety of our students is our priority. Some new policies and procedures this year are that masks must be worn while riding the bus and we will be sitting one student per seat, except siblings will be seated together. A seating chart will be in place and strictly adhered to. We want each student to feel safe from the moment they leave their home, until they return home in the afternoon. We ask that you discuss with your child safety precautions and appropriate bus behavior to ensure their safety. The full Bus Procedures and Regulations can be found on the website under the Transportation tab, or click [here](#).

It is important that your child board and depart the bus at the correct stop as known and approved by you and the office. A signed note from the parent/guardian is required for a student to ride a different bus or to get off at a different stop. You may also call the school office to inform us of any changes if your child is going home a different way. Parents should be at the bus stop five minutes prior to pick up/drop off times. Keep in mind; times may vary due to the train, weather and traffic.

Working together, we can keep your child safe from potential hazards associated with all aspects of transportation, both on and off the bus. We hope you and your child have a productive and safe year.
