

**Red Rock Elementary School District #5  
520-682-3334**

## **Community Library Cards**

The staff at the Red Rock Elementary School Library understands that access to books at a very early age helps build strong readers. To ensure that our future students have this early access, the library offers borrowing privileges to members of our school community. Library cards are available to parents or guardians with students currently enrolled in a District school. Parents and guardians can obtain cards by visiting the library. Up to four books can be checked out at any one time, and rental periods last for two weeks. If the student leaves the school, both the student and community cards become inactive.
