

**Are there any cases of Coronavirus in the Littleton District?**

At this time, there are no confirmed cases of Coronavirus in our district.

What should we be doing during the closure?

Currently, experts are recommending the use of “social distancing” in combating the spread of Coronavirus. Essentially, this means that everyone should be limiting our social interactions with others, and not going out to public places. Additionally, practicing healthy habits should be encouraged.

Will school or district offices remain open?

No. All school and district offices as well as our support facility will be closed to the public.

How can I help my child learn while schools are closed?

Teachers are using Remind to communicate with families about the next steps in remote learning. Please make sure you are signed up for Remind. If you need help, there is an instruction document available on our website. Schools will be contacting families about picking up grade level work packets to do at home. The district has also posted a document with grade-appropriate online resources as well as a Choice Boards that do not require technology to help you with ideas to support learning at home.

Is free WiFi available anywhere?

All schools have a WiFi perimeter that extends to the parking lot. Many providers, including Cox Communications, are assisting to get families connections to support digital learning.

Will the school year need to be extended?

Governor Doug Ducey recently signed House Bill 2910 into law which states that public schools will not be required to extend the number of school days for the school year after the closure ends.

How will state assessments be handled?

Statewide assessments for the 2019-2020 school year will be waived.

What if I need to retrieve my child’s medication/supplies from the school nurse?

The nurse is currently reaching out to families who have medications in the school health offices.

**What precautions has the Littleton District taken to date?**

All district response plans to date are in alignment with guidance from national, state, and local health authorities. All Littleton campuses, facilities and school buses have been cleaned and sanitized. Extra supplies, such as wipes and sanitizers, have been ordered.

How does the Littleton District clean and disinfect schools?

Littleton cleans and disinfects campuses on a daily basis utilizing registered disinfectant cleaners. As a precaution, all our campuses, facilities and school buses have received additional cleaning and sanitizing.

When will the next food pick up happen?

The next food distribution from the Littleton campuses is scheduled for March 30th from 4pm to 6pm. The next following pick up date will April 2nd. Additional resources for those in need in our community will continue to be shared.

What can students, families and staff do?

Be aware of symptoms of illness and stay home if you are not feeling well. Follow best practices for prevention of the spread of viruses, including COVID-19 and the common cold or flu: wash hands frequently; do not touch eyes, nose or mouth with unwashed hands; cover mouth and nose when sneezing or coughing; and avoid close contact with people who are sick. Make sure you have a supply of all essential medications for your family.

Where can I find reliable sources on the response to COVID-19?

The [Arizona Department of Health Services](#), [Centers for Disease Control](#) and the [World Health Organization](#) all have dedicated, reliable information websites to this evolving situation.

When will this end?

School closures have been extended through the end of the school year.
