When known to Littleton School District #65/Nutrition Department district, households will also be notified of any child's eligibility for free meals if the individual child is considered "Other Source Categorically Eligible", because the child is categorized, as defined by law as:

- Foster
- Homeless,
- Migrant,
- Runaway,
- Enrolled in an eligible Head Start, or
- Enrolled in an eligible pre-kindergarten class.

If any children were not listed on the notice of eligibility, the household should contact the school about their eligibility through the list above, or should submit an income application.

An application is not required for free meal benefits for Assistance Program participants and all of the children in the household are eligible for free meal benefits. If any children were not listed on the notice of eligibility, or if a household does not receive a notice of eligibility, the household should contact the school to have free meal benefits extended to them. Participants in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) may be eligible for free or reduced-price meals, but they will need to turn in an application including household size and total income.

To apply for free or reduced-price meals, households can fill out an online application at www.nlappscloud.com or return a paper application to the school. Households that already received notification of approval do not need to complete this step. Application forms are being distributed to all households with a letter informing households of the availability of free and reduced-price meals for their children and what is required to complete on the application.

Applications also are available **at the school cafeterias, school front office, District front office, the District Welcome Center, the District Nutrition Office or on the Littleton School District website.**

Only one application is required for all children in the household and the information provided on the application will be used for the purpose of determining eligibility and verification of data. Applications may be verified at any time during the school year by the school or other program officials. An application for free or reduced-price benefits cannot be approved unless it contains complete eligibility information as indicated on the application and instructions. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or disability.

Families can apply for benefits at any time. If a household member becomes unemployed or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for benefits if the household's income falls at or below the Federal Guidelines. Contact **the Nutrition Department at #623-478-5655 or #623-478-5627** at any time to request an application.

Under the provisions of the free and reduced-price policy, **the Nutrition Department** will review applications and determine eligibility. Parents wishing to make a formal appeal for a hearing on the decision may make a request either orally or in writing to 866-632-9992 or in writing to any USDA office.

Households notified of their children's eligibility must contact the school if the household chooses to decline the free meal benefits.
