

Principals Message

Puma Families,

We have entered the 4th quarter of our school year, and it promises to be both busy and exciting! We truly appreciate all the support we receive from our families and community and it is this continued partnership that will ensure our students have a successful end of the year. I encourage you to stay in contact with your child's teachers and reach out to our school office if we can support you in any way. Time to finish strong, Pumas!

Mr. Rickert

Signature School Program

In the service classroom, we are working on the last 3 branches of the military. Kindergarten through 2nd grade is learning about what the Navy and Air Force is. They are comparing the different uniforms and practicing their spelling of military terms. Third grade through 5th grade is taking a closer look at the different ships and submarines that the military uses and the different equipment that is needed for the different vehicles. Sixth grade through 8th grade is learning about the different jobs that are available for soldiers in the Navy and Air Force.

Technology

As we all adapt to our new routines, please remember to charge your laptop every night before returning to school the next day so that we are prepared and ready to learn.

Student Agency

AzM2 is starting in April. Parents and students can prepare at home by practicing with sample tests on the following [link](#). Also, remember to get a good night's rest and eat a healthy breakfast the day of the test. Tres Rios will rock AzM2!

MYD

Let's celebrate all the students at home and those who have returned to in-person learning for choosing to make their day.

Safety

In March we had our first in-person fire drill and our students and staff did amazing. We all safely exited the building and remained distanced as we waited for the all clear. Great job staying safe, Pumas.

Social Emotional Learning

5 easy SEL activities for kids to do at home. [Link](#)

Every kid is one caring adult away from being a success story. –Josh Shipp
