

A Message from Our Administrator

Puma Families,

As we prepare to close out 2021, I would like to take this opportunity to thank everyone in our Tres Rios community who has helped to enrich our students' experiences. Your support has been truly amazing. hope that you have a wonderful holiday season and I look forward to the many great things in store for our Pumas in 2022!

SIGNATURE SCHOOL HIGHLIGHTS

Early grades have been working with fire science and the specific terms used in the fire career field. 4th-8th are completing their technology focused service career projects. Thank you to all the 2nd grade students who helped celebrate Veteran's Day with letters to veterans and thank you notes posted across the campus.

GRADE LEVEL HIGHLIGHTS

Our students are off and reading, working on reaching their fluency goals. Along with fluency, our students are finding those key details to find the main ideas of our weekly stories. Math is loads of fun as we are learning numerous strategies for addition and subtraction. We are hearing our student's voices heard though writing as they work on personal narratives.

TECHNOLOGY INTEGRATION

This year Littleton has acquired the online platform Naviance. This platform helps match students with potential careers and the requirements and skill needed to meet their goals. we are excited to see student progress as 6-8 has begun to explore their interests.

STUDENT AGENCY

Student choice is more than simply picking a task. It's about owning the entire learning process.

-John Spencer

CHARACTER DEVELOPMENT

All Things EQ December topics

- I learn from others rather than compare myself.
- I choose what I believe about myself.
- The cure for boredom is curiosity.

SAFETY

The falling temperatures signal the flu season is upon us. Please encourage your child(ren) to consistently wash their hands and stay well rested. We want all of our Pumas here every day

MYD

The overarching goal for us to get across to students when utilizing the Make Your Day Program is that it is important for them to do what is expected and do it the best that they can on a daily basis.

PBL HIGHLIGHT

Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects. We are excited for this year's PBLs.
