

Principals Message

Hello Pumas!

I want to begin by thanking all of our students, staff, and families for the patience and persistence you have shown as we embark on our Dynamic Digital Learning journey.

There are amazing things happening in our virtual classrooms, and I couldn't be more proud of our Pumas!

The month of September is designated as Attendance Awareness Month. Students should be engaging in both synchronous and asynchronous learning each day. This consistent participation will set our students up for success!

Upcoming Dates

Assessments

9/14-9/25 K- math interim

Activities

9/1-Curriculum Night

9/4-9/7 Labor Day No School

9/8- Board Meeting 6-8 pm

9/29 Virtual Parent Night 5:30-6:30

Tres Rios Service Academy

Phone: 623.478.6300

SUNSHINE
IN OUR POCKET**

Signature School Program

Our service learning program has adjusted to the online platform and continues to offer unique, relevant opportunities for our students to pursue their passions. We have started the year with an exploration of fire sciences. We encourage you to have conversations with your child about their learning and continue to cultivate their interests!

Technology

Along with the convenience of technology comes the frustration of computer malfunctions and error messages. Complete the form attached to the link below if you are having technical issues with your school provided laptop. Please include a phone number and as much details as possible.

Student Agency

Students are currently learning what true ownership over their learning looks like. In collaboration with their teachers, they will be introduced to our virtual data binders and asked to record their initial data. The next step will be to set goals for their learning this year.

MYD

Thank you parents and guardians for supporting online learners this month. As you sit with them to look at grades and celebrate and set goals, consider discussing taking responsibility with each. Help students to own their success and revel in their accomplishments and also own their goals as they set out to fill any gaps in their learning.

Safety

As students are still working online, custodial staff has been training and preparing for the eventual return of students. Mr. Herrera and his team have worked tirelessly to not only maintain a clean and safe school, but install physical distancing signs, stock classrooms with extra cleaning supplies and add extra hand sanitizers around campus. Thank you to them for all their hard work to keep everyone safe.

Social Emotional Learning

The five core competencies of SEL are self-awareness, self-management, social awareness, relationship skills and responsible decision making. This month we will be looking closer at self-awareness. Self-awareness is the ability to recognize one's emotions. Students who have a greater ability to recognize and name their emotions are often more successful in school and in life. [Link](#)
