Dear Tolleson Union High School District Parents/Guardians,

The Tolleson Union High School District remains committed to ensuring the safety of our students, staff and families while making every effort to provide the best learning experience possible. We will continue to use layered mitigation strategies such as vaccinations, face masks and social distancing to help reduce transmission of COVID-19 and other airborne viruses.

District Transportation / Wearing of Masks

The Centers for Disease Control (CDC) has issued an Order stating that masks are required on public transportation, to include school busses. We must use our “best efforts” to ensure that any person on the bus wear a mask “when boarding, disembarking, and for the duration of travel”. Per the CDC order, when we begin the school year, we will require masks for everyone on the school bus. We will continue to update our practices as Federal, State and Local regulations change over the coming months.

We thank you for your patience as we continue to monitor health and safety guidelines as we strive to provide the best education possible in the coming year.

Sincerely,
