June 26, 2020

Dear TUHSD Parents/Guardians,

We have been diligently working on plans to reopen schools this Fall. Our first priority remains the health and safety of our students, staff, and their families. As a District, we are making decisions to ensure consistency and equity districtwide for our students. We continue to look at COVID-19 data and follow guidelines from the CDC and Maricopa County Health Department. Due to the ever-changing COVID-19 situation, the learning model options are **TENTATIVE** and subject to change due to federal and state guidelines to ensure the health and safety of our students, staff, and their families.

We want to communicate with you about the three different learning models that we are looking at for a safe return to school for 2020-2021. Our district is fortunate to already have Tolleson Virtual High School, a public online high school, in place to serve our students. For full details and information on each of the three learning options, please visit the district website. Our goal is to provide flexibility to our families while meeting each students' educational needs.

We are asking parents to go to the district website and take a look at each of the three options with detailed information highlighted for each learning model option and select the choice that best serves your student's needs for each of your children attending a TUHSD school. You will be able to select the learning model option for your student now until Monday, July 6<sup>th</sup> at Noon. Your input will assist us in preparing and providing the best education possible for your students.

**Please go to [www.tuhsd.org/Safe-Return-to-School](http://www.tuhsd.org/Safe-Return-to-School) to choose the best option for your child now until Monday, July 6<sup>th</sup> at Noon.**

As a reminder, the three learning model options are **TENTATIVE** and subject to change due to federal, state, and local guidelines to ensure the health and safety of our students, families, and staff. Thank you for your support and understanding as we work together during this challenging time.

We look forward to serving you as we return to schools safely for the 2020-2021 school year.

Sincerely,

Nora Gutierrez  
Superintendent
