

Future Business Leaders Of America

Bringing Business and Education Together

FBLA is the premier career and technical student organization preparing students for success in life. The high school division has 215,000 members. All TUHS Business Ed students take part in co-curricular academic and technical competitions within their Business classes.

In today's highly competitive business environment it requires business savvy, leadership skills, and technical knowledge to be successful. The driving goal of FBLA is to train future business leaders to become contributing members of society. Members benefit from leadership and training, contact made through networking, and opportunities for members to apply their knowledge through business-related activities.

The Tolleson chapter of FBLA contributes to the local community by

- Working at the annual Charles Landis Thanksgiving Dinner
- Working at the City of Tolleson's Veteran's Day celebration
- Sponsoring local speakers to inform the Tolleson community about various issues (health, social, etc.)
- Co-sponsoring Financial Peace University with local entities. This 13-week program teaches adults financial management skills.
- Offering scholarships for FBLA seniors

FBLA members are expanding their academic skills by learning a language currently not offered in the curriculum—German. Members meet Monday mornings at 7:45 a.m. in Room 206 to learn and practice German.

FBLA participates in the AZ Tax Credit. Individuals may contribute up to \$200 (married couples--\$400) to the Tolleson Chapter of FBLA. A tax credit is a dollar-for-dollar deduction in the actual tax owed. Monies collected with the AZ Tax Credit are used to enroll students in the National Chapter of FBLA, award scholarships, pay for transportation to competitive events, and fund awards for local competitive events. Please call Mrs. Robinson, the TUHS Sponsor, for more information.
