

October 1, 2020

Dear Union Colony Family,

It's beginning to cool off and the leaves are changing. The season of change is upon us. The beginning of October also signifies the school year is well underway. We hope the season of change brings forth positive progress regarding COVID. But nonetheless, we're operating efficiently fully in-person and will continue to do so, doing what is necessary to safely provide quality education.

October is also going to get increasingly intense leading up to November 3. Regardless of the outcome of the Presidential election, things are going to change. Local laws will pass/fail, and the composition of local/state/national government will be different. Let's hope the coming changes lead to more peace and harmony, and less hate and division.

I walk both buildings almost every day. I see most students and staff each day, even if it is just through a window in the door. I like what I'm seeing; which is primarily a lot of students and staff actively engaged in learning.

I also like what I'm not seeing. I'm not seeing division amongst staff or students regarding the election. While the world is in turmoil, Timberwolves are taking care of business. I'm proud to say I'm not seeing the Timberwolf family getting caught up in all the hate.

Timberwolves are an inclusive pack, regardless of skin color, income level, or whatever. Our staff has the same high expectations of all, and our students rise to those standards. The wolfpack continues to excel, regardless of what surrounds us. Timberwolf Strong.

Sincerely,

Jim Anderson
Director
