4 - 1st Quarter Report Cards will be mailed on October 14th.

5 - Teachers are currently scheduling remote (ZOOM) conferences with Guardians of their 7th period classes.

Expectations & Observations:

1 - Students are expected to put in a minimum of 25 hours per week of actual working time for their classes.

2 - The vast majority of students who are putting in the expected actual work time are doing well in their courses, per system reports generated from the Edgenuity program.

3 - Students who are putting in less than the expected time on their classes are struggling to find academic success.

While we continue to navigate these odd and unconventional times, we want you to know how much we miss seeing our/your students. We are continually looking for ways to improve the current instructional model and welcome your ideas and feedback. We look forward to visiting with you at conferences next week and hope you are all looking forward to a fantastic Fall Break (October 19-23). Should you have any questions, please feel free to contact us at the school office 520-387-7602.

Sincerely,

Leonard Edlund
