

August 21, 2019

Welcome: We would like to thank everyone for a wonderful start of the school year. We are very pleased at some of the great things we are seeing. Here are some examples of some amazing things going on at St. David:

- Mrs. Davidson and Ms. Poole's class performed an egg drop experiment.
- We had State Officers of the FFA come make a presentation to our Ag students.
- Middle School Science made catapults and saw how far they could launch an object.
- The band has prepared and are ready to perform what looks to be a very good halftime show.
- Students have been working on typing and basic computer skills.
- Our Middle School Cross Country team ran in their first meet and we had Corbin Fry finish 17th, Syric Rameriz finish 22rd and Emmett Etter finish 34th out of 95 runners.

There are other amazing things going on as well.

News:

- We would like to thank the Transportation Department and Food Services for providing transportation and meals efficiently and effectively.
- We want to recognize our Maintenance and Custodial Staff for keeping our grounds and buildings looking nice and clean.
- A reminder that our Safe Schools Training are coming due. If you have any questions or login problems please contact me.

Events:
