

DISCOVERING GRACE CLASS

God's grace makes a difference for persons in their daily life! Are you seeking to grow in God's grace or desiring to make a fresh start in your spiritual journey?

Grace Lutheran offers a **Discovering Grace** class that is designed for those wanting to learn more about our church/school discipleship process – WORSHIP | GROW | ENGAGE. The class meets for three hours on **Saturday, February 12** (9 AM – 12 Noon), light breakfast items served at 8:45 AM. We ask participants to attend a Bible Class session on **February 13** where you will learn more from staff members and lay leaders. Completion of this class is designed especially for those seeking a fresh start and desire membership in Grace Lutheran.

We utilize safe practices for these classes -- using classroom space that is large where we can spread out. We seek to take good care of all participants. Child care is available for those families needing care for their child/ren.

We extend an invitation for you to attend or to invite someone who is seeking an identity in Christ. Grace Lutheran desires for persons to grow in their personal discipleship as one grows in worship, connections – growing in Christ and with others, and becomes engaged in a service ministry.

A registration form is included for your convenience! We ask that participants register no later than Tuesday, February 8.
