

Summer Practice Packet

Dear Future Second Graders and Families,

The summer packet for grade 2 consists of reading, math, and writing activities. Included in the packet are several math sheets to complete, a summer reading challenge, and 3 book report papers (My Book Review, About a Story Character, About an Informational Book).

For the summer reading challenge use the provided calendars to record the title of the book you read and the number from the *Summer Reading Challenge* page. It should be recorded in the square with the date in which the reading was completed. How much can you read this summer? Challenge yourself.

Students may use any books read for the Summer Reading Challenge for the book reports.

We encourage each child to practice skills on IXL First Grade Math and Language Arts topics.

The packet must be returned on the first day of school.

We hope everyone enjoys the summer ahead. Have a fun, safe, and healthy summer!
