

**Important Announcement regarding the 2019-20 Keystone Exams: Keystone Exemptions from the 2019-20 School Year**

All students who were enrolled in a Keystone tested class during the 2019-2020 school year have the option to take the Keystone Assessment this spring. **Any student from this group who chooses to take the exam will be required to opt in to take the assessment.**

We will not be registering any students from the 2019-20 Keystone tested classes for these assessments unless we receive a request via email from the students parent/guardian.

**If you are opting to have your student test in any of these subject areas, please send an email to Mr. Kostrobala at [kostrobalam@llsd.org](mailto:kostrobalam@llsd.org). Please be specific in documenting the subject area that you are requesting your student to test. The deadline to submit your request is Friday, April 30th.**
