

Welcome!

We provide parents an on-line system to add funds to your lunch accounts. You may use your credit/and or debit card for the transaction, Visa, MasterCard or Discover. We cannot take credit card payments at our office, this is only available over the internet. We will still accept cash and checks.

Parents who use the on-line system must first create an account. You must use your students ID number to create account . No personal information about your student is available online. The district does not keep your credit card information on file and you will need to re-enter your credit card # each time you use the online system.

You can access the new on-line payment website by going to [www.sendmoneytoschool.com](http://www.sendmoneytoschool.com) Complete the registration page, and add your child's names and ID numbers. Once you have registered and created a password you will not need the student ID number again. You can check your child's account balances as long as you have access to the internet.

Payments made online will typically be credited within 15 minutes, but Internet Connection issues will create a delay. There is a \$2 convenience fee charge to use this system.

We hope this will make payments easier and more convenient.

Sincerely,

Amanda Worrick, DTR  
Director of Child Nutrition  
Mississinewa Community Schools
