About the Counselor:

Hello! This is my first year as a school counselor at RJB. I have spent the last 12 years at Mississinewa High School as a special education teacher, teaching specifically students with emotional disabilities. I will concentrate on your student's academic, social, and emotional needs. I love empowering and helping students. My goal this year is to have students who feel safe and valued and staff that empower students to be their best selves. Middle school is a time of many changes and challenges. I am here to help the students find the best ways of navigating through those changes and challenges.

Services Offered:

I offer individual, group, and classroom counseling. I will meet with all students once a month for a school wide lesson on a topic relevant to middle school academic/social/emotional needs. If you would like for your child to receive counseling services in addition to the once monthly classroom lessons, please contact me.

FYI-

September 5-11 was National Suicide Prevention Week. Students wore yellow ribbons to support prevention along with being provided information helpful to preventing suicide.

September 12-16- Meet your counselor! I gave a classroom lesson to all students on who I am and what I do. Students were instructed on how to reach me if they have a need.
