

On-Site Support Request

When school starts on August 6, 2020, students will engage in Remote Learning. Until In-Person Learning is allowed to resume (when deemed safe by the AZ Dept. of Health Services), parents will have an option to request on-site support services for their children. Beginning August 18th, during each school's normal school hours (7AM - 3PM or 8AM - 4PM), on scheduled school days, each school will provide a designated space for students to come for a safe place to participate in Remote Learning. Internet service and Chromebooks will be provided (for those who have not signed one out). There will be supervision by paraeducators and breakfasts and lunches will be available. There will not be instruction by teachers and there will not be district transportation.

Students will be spaced for social distancing, face coverings will be required, and expectations for student conduct during school days will be expected.

If you would like your son/daughter to receive on-site support services from August 18th until when In-Person Learning resumes, please complete this request form by Friday, July 31, 2020. Since space is limited, priority will be given to students with the highest needs. You will receive notification of acceptance by August 12th.

To submit a request for on-site support for your son/daughter, please click on the link below and submit one request per student.
