

# SADDLE MOUNTAIN UNIFIED SCHOOL DISTRICT #90

*Everyone Learns, Every Day*

## School Will Be Waiting for You!

Whether in-person or virtually, we want our families to know that SMUSD is working diligently to ensure that students have high quality educational opportunities when school starts on August 6th. With input from 750 parents and guidance from federal, state and local officials, our staff have developed a plan that will allow our students a safe return to school, with several options (in-person, remote and online). And we are continually reviewing the evolving directives to adapt our plan as needed.

In order to access the most up-to-date information including the planned safety measures, we encourage you visit our website at [www.smusd90.org](http://www.smusd90.org) or give us a call at **623-474-5115**.
