

PVT is Offering Free Access to PVT Broadband and Wi-Fi For 60 Days For New Student Households and More

As we work collaboratively to contain the COVID-19 pandemic, PVT realizes that broadband internet access is essential to ensure that people in our communities are able to learn and work remotely. PVT is focusing on serving and supporting our customers, and ensuring that they stay connected during this trying time.

PVT is committing to the FCC Keep America Connected Pledge. Implementing the pledge ensures that all of PVT's customers can count on PVT to keep them connected to the internet while they deal with the challenges associated with COVID-19.

PVT is going beyond what the FCC has asked by offering free broadband for 60 days to households with K-12 and/or college students who do not already have PVT Internet and are within the PVT service area. Installation fees will be waived for new student households. To enroll, call 575-748-1241.

In addition to this, PVT is offering free Wi-Fi at Kith+Kin Roasting Co for public use.

As always, PVT does not have data caps for any users.

As a cooperative, PVT's mission is to improve the quality of life in the communities we serve. PVT will continue to closely monitor this dynamic situation and respond as needed to continue delivering reliable internet to our communities.
