

# ARIZONA TAX LAW

• ARS 43-1089.01 allows married couples filing jointly to take up to \$400 in tax credit or \$200 for singles if they donate to extracurricular activities in public schools.

• This tax credit is available to all taxpayers, even if they don't have children in school.

• Contributions are donated directly to the school, not to the state or even to the district.

• Though contributions to public schools have always been tax deductible, a tax credit is subtracted from the amount of taxes you owe. A tax credit is a full refund of your money!

## WHERE MONEY GOES

• Contributions may be designated to an extracurricular activity of your choice.

• Organizations can use the money to provide transportation, equipment, uniforms, improving facilities for that organization's activities, paying volunteers for giving their time to the organization, etc.

## EXTRACURRICULAR

• Any before or after school activity that require a fee for student participation qualifies as an extracurricular activity.

• These include: athletics, intramural activities, clubs, organizations or after school field trips.

• Contributions may be divided among different extracurricular activities to total up to \$400 for married couples filing jointly or \$200 for singles. This means you can donate to more than one organization and to more than one school.

## Questions?
