Building: (586) 228-2201

Remote: (586) 212-0665

**Public Act 228 of 2020
Effective October 16, 2020
Authorization of remote participation in public meetings and hearings.**

On October 16, 2020, Governor Whitmer signed SB1108 into law allowing government meetings to be conducted virtually. PA 228 of 2020 amends existing law that requires most government meetings to be open to the public by allowing for and accommodating remote participation, even as some in-person meetings resume. In the event school boards choose to hold meetings electronically, PA 228 of 2020 contains a list of requirements that must be met which include, but are not limited to the following:

- Require a public body to establish procedures to accommodate the absence of a member due to a medical condition or a statewide or locally declared state of emergency that would risk the health and safety of members or the public.
- Exempt a meeting of any State legislative body at which a formal vote was taken from the accommodation requirements of the bill.
- Allow a meeting of a public body to be held electronically under certain circumstances and specify that a meeting held in that manner would be subject to the same requirements as an in-person meeting.
- Require an electronically held meeting to be conducted in a manner that permitted two-way communication between members and participants.
- Prescribe notice requirements for meetings held electronically.
- Prohibit a public body from requiring a person to register or provide his or her name as a condition of participating in an electronic meeting.
- Require members of the public to be excluded from participating in a closed session of a public body held electronically, if that session complied with the Act.
