Increased salary schedule .35¢-

**Hourly rate adjusted with forest fees to equal \$10 or more**

**Prop 2016 - 1/1/2017**

**Professional Development placement:**

College credits and/or professional development hours will be applied towards salary advancement by completing courses at the university, college, junior college, trade, professional trade, seminars, or training workshops.

Column advancement - 15 hours of college credit or 225 hrs of professional development hours for each column, with a maximum movement of 3 columns. (.35¢) per column

College credit must be verified with official transcripts

Professional hours must be verified with certificates of attendance

There is a maximum of 10 non-transferable credits that will be accepted

College credits and/or professional development hours can be mixed for salary column advancement

Column advancement will be paid at the current salary schedule rate and calculated on the employee's normal number of workdays for the school year.

College credits and professional development must be done at the employee's expense and during non work hours, unless other wise determined by the administration.

Professional Development does not pertain to Mechanic, Maintenance, or Nursing Positions. Position advancement in these fields is built into the current salary schedule.

Professional development pay will be granted upon presentation of supporting documentation and will be implemented on the next pay cycle.
