ASSIGNMENT AND TRANSFER OF BUILDING ADMINISTRATORS

Appropriate placement transfer practices for school administrators should enhance effective utilization of skills and abilities and the professional growth of individuals. These objectives can best be achieved through the provision of some variety of school assignment over a period of years, and the best possible matching of known administrator strengths to identify current needs of a particular school. The superintendent shall recommend on an annual basis to the board of trustees the assignment of the individual administrators. The board of trustees together with the superintendent may assign the building administrator to any position in the district which the administrator is certified to fulfill.
