BUS SAFETY PROGRAM

The safety and welfare of student riders will be the first consideration in all matters pertaining to transportation. Safety precautions will include the following:

1. School bus drivers will instruct children in the proper procedures for boarding and exiting from a school bus and in proper and safe conduct while aboard.
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations. Drivers need to be sure that all student riders are included in a drill.
3. All vehicles used to transport students will be maintained in a condition that will provide safe and efficient transportation. All vehicles will be inspected periodically to be certain that they are in good mechanical operating condition.
