

**PARK COUNTY SCHOOL DISTRICT #6
BOARD OF EDUCATION POLICY**

CODE: IJJ

INDIVIDUALIZED INSTRUCTION

The Board will encourage those programs, instructional arrangements and forms of class organization which provide opportunities for each student to progress in school at his own pace and attain the highest educational achievement possible as an individual.

It believes that such programs must necessarily provide for a high degree of individualized instruction and a wide variety of teaching-learning materials.

The Board will support and encourage its staff to examine, study, and try out new programs, as described above, to individualize instruction and learning.

Adopted: 1/20/98
