

**PARK COUNTY SCHOOL DISTRICT #6
BOARD OF EDUCATION POLICY**

CODE: JLCB

IMMUNIZATION OF STUDENTS

Every student attending full or part time classes shall provide official, written documentation of immunizations to the School Nurse within thirty (30) days of enrollment. Documented proof of immunizations is written certification by a private licensed physician or his representative or any public health authority. Documentation shall include month, day and year of each required immunization received as designated by the State Health Authority. No administrator shall permit a student to attend school more than thirty (30) calendar days without documented proof of immunizations. If an immunization requires a series of immunizations over a period of more than thirty (30) calendar days, the child shall be permitted to attend school while receiving continued immunizations pursuant to a written schedule specified by the student's physician or county public health official.

Medical or religious waivers shall be authorized by the State or county public health officer upon written evidence of religious objections or medication contraindications. Waivers must be submitted to the county public health officer within the thirty (30) day exclusion period from date of enrollment. Immunization waivers from other states are not honored by the State of Wyoming.

Adopted: 5/20/03
