

**PARK COUNTY SCHOOL DISTRICT #6  
BOARD OF EDUCATION POLICY**

**CODE: JLIA**

**SUPERVISION OF STUDENTS/DISCIPLINE**

**Supervision**

Students are under the authority of teachers and administrators while in school, engaged in or attending school sponsored activities, while going to and from school via the district operated transportation system, on school property or until properly released to their parents or guardians.

The school district retains the right to discipline students for activities related to school that occur off school grounds.

Teachers are responsible for supervising student behavior within their classrooms, and will perform corridor, lunchroom, playground, and other supervisory assignments when such supervision is deemed by their principal, or his/her designee, to be necessary for the safety and control of the students.
