

**PARK COUNTY SCHOOL DISTRICT #6
BOARD OF EDUCATION POLICY**

CODE: KJ

RELATIONS WITH COMMUNITY ORGANIZATIONS

We believe that the public schools have the primary responsibility for the formal education of the children and youth of the community. However, the Board recognizes that many governmental agencies and community organizations, while not primarily concerned with education, play a definite role in education. Therefore, it will be the desire of the Board to establish positive working relationships with all other public and private organizations that contribute to the education process and to the general welfare of the citizens of the community. The Board shall support and assist within its responsible ability and legal prerogatives, local profession, civic, labor, or business organizations whose efforts will result in improved educational opportunities for the students of the district.

The Board of Trustees encourages district personnel to participate in community affairs and to contribute constructive ideas relating to various aspects of the total educational program to local organizations.
