## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019-20)

Mission Community Day School is located on the Kings Lake Education Center campus. It is broke into two classes with 2 separate teachers 6 - 8 and 9 -12. The lower grade students use direct instruction as well as Magna High and Accelerated reader programs to reach all students at the varied levels present within the 6 – 8 grade spectrum. The 9 -12 grade Mission students use Edgenuity which is a state approved curriculum with common core. The Assistant Principal of Alternative Education, Mr. Brian Brazier, supervises the schools and courses listed above.

The Mission of Mission Community Day School (MCDS) is to provide a personalized education for students in grades 6-8 & 9-12 residing in Corcoran. MCDS students will be prepared as educated, responsible, and contributing students, who can read, write, communicate, and calculate with clarity and accuracy using current technologies and resources. MSCS will empower students to cultivate respect for self and others by offering opportunities for life-long personal and social development while establishing and achieving educational, and personal goals. Mission Community Day School will provide a safe, caring, school environment where students with, educational, and social challenges can best develop the skills and character necessary to rejoin their communities and previous schools with success.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	9	0	33	38	50	50
Mathematics (grades 3-8 and 11)	0	0	19	24	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

#### Grades Three through Eight and Grade Eleven (School Year 2018-19)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### CAASPP Test Results in Mathematics by Student Group Grades Three through Eight and Grade Eleven (School Year 2018-19)

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

Kings Lake Education Center communicates with parents in a variety of ways including campus events, written notices, phone calls, emails, parent link message system, district and school websites and newsletters. We have an open door policy and welcome parents to stop by any time. Due to the nature of instruction at Kings Lake Education Center, parents are encouraged to get involved in their child's education. We ask parents to ensure that students have their assignments completed and that they arrive at school and classes regularly and on time as scheduled. The teachers are encouraged to contact the parents in multiple ways with updates of their student's academic progress, attendance and behavior on a regular basis. Teachers make regular calls to parents of their students giving them information on their child. Parents are also invited to our back to school night giving students a chance to show their progress and growth.

You may request additional information by calling the school office personnel at (559) 992-8885.

## Types of Services Funded (Fiscal Year 2018-19)

Mission Community utilizes various textbooks from multiple publishers, a more thorough look at the curriculum used can be found in the Textbook & Instructional Materials tab in this document. Edgenuity is an online software used to expand our selection of A-G courses and mainly utilized in our 9 – 12 grade community class and high performing middle school kids. Another online program used is Pearson, it is used for intervention in the subjects of math and English. Accelerated Reader through Renaissance Learning is used to create interest and growth in the students' reading and skills. Accelerated Reader is also used for intervention. Reading Plus Program by McGraw Hill is also used for reading intervention. In order to assist students in math we utilize the Magna High program. We also have a PBIS program for the students to motivate them to do high character things. We provide them with a currency they earn and can use to purchase things from a store we have with items purchased that kids will strive to earn the currency for. Additionally, at the community schools we provide students with counseling for the social and emotional needs. We have a teacher that comes in the afternoon to serve our ELD students several times a week. Moreover, there are counselling services provided for students that have drug abuse issues through West Care. At our community day school we have a smaller number of students affording us a chance to offer a more close up intimate setting to learn from the teacher and aide. Special ed teachers as well as mentors are provided and engage the students to assist them in school as well as in life. Lastly, we have a partnership with The MJ Project which provides our students with any books they might want or desire at no cost.
