

Successful September

We are going to have a very Successful School Year and Successful September! We have been planning for our Birth to Three Program, and we are excited about new items added to our curriculum designed to capture the attention of our children and motivate them to learn, learn, and learn.

We are thrilled to announce that Mrs. Guadalupe Manrique has joined our Birth to Three Program. She is our Bilingual Parent Educator who adds a wealth of knowledge and experience. If you did not meet her at the August Group Connection, please stop by Room 101. Mrs. Manrique will also be contacting many of you.

We are so excited about the new families who have joined our program. It is important that we do everything possible to develop skills in all areas of child development. The areas are cognitive, social and emotional, language, and motor.

We have added more resources that will assist our families to achieve their goals. We have helped several families to attain goals such as employment, housing, classes, childcare, and many more. This program year, we are in the process of setting up computers and software for anyone who may be interested in getting a GED Certificate or learning English as a Second Language.
